

20TH YEAR. NO. 130.

EAST LIVERPOOL, O., WEDNESDAY, JUNE 3, 1903.

TWO CENTS.

WHO SHALL GET SECOND PLACE UPON THE REPUBLICAN TICKET A QUESTION YET UNSETTLED

The Judgeship Is Also in Doubt—Platform Ready
and Convention Opens at
4 p. m. Today.

From a Staff Correspondent.

Columbus, June 3.—Promptly at 4 o'clock this afternoon the big Republican state convention will open in the Goodale street auditorium, this city, the place where so many political conventions have been held. The gavel will be in the hands of Senator M. A. Hanna, the temporary chairman. He will sound the keynote, after which a permanent organization will be formed. Senator J. B. Foraker will be made permanent chairman.

The real business will not begin until tomorrow morning at 10 o'clock when the nominations will be made. It is not thought the convention will last long after the delegates get down to business—possibly not longer than three or four hours. It may not continue this long, as there will be no contests for most of the places. It has not been settled yet who is to be named for lieutenant governor, Geo. B. Cox, of Cincinnati, and Senator Hanna, who came last night, will determine this selection. Cox favors Harding.

The suggestion that the lieutenant governorship should go to an old soldier commends itself to many, and if it prevails the honor will likely go to General M. M. Boothman, of Bryan, who has represented Williams county in congress and who is well equipped for the position. Harding has made no fight for the nomination, although he may begin one today. He is here, he is a splendid campaigner and will be a difficult man to beat if he takes on his coat to win.

CHAS. CLUTTER AGAIN IN TROUBLE

Friend Had Him Arrested On the
Charge of Stealing \$25
in Cash.

WOES OF A WEEK'S JAG

A week's jag has resulted disastrously to Harry Clutter. During the first day of his spree he had a fight with his wife at their home in Wellsville. The next day he was minus a spouse. One day later he was nabbed by Officer Mahoney and placed in the city jail, and the crisis came last evening when he was arrested by Officer Saulsberry on suspicion of stealing a revolver and \$25 from a friend.

Charles F. Petty, of Wellsville, was instrumental in having Clutter arrested. Petty came to this city early yesterday morning with three sand flats, which he wanted to sell. He succeeded in disposing of one for about \$40 and then started out to jolly. Before being out a long time Clutter found him and stuck to him like a leech throughout the day. They visited all of the saloons along Snook Row and Petty spent his money freely. Along about twilight he began to feel the effects of too much drink and started down to one of his boats to take a sleep.

Clutter accompanied him and Petty says that while he was sleeping, Clutter robbed him. He did not miss the money until he had partially recovered from the jag and was in a Broadway saloon. The bartender advised Petty to have Clutter arrested and he went forthwith in search of an officer.

Clutter stoutly denied the stealing when taken into the presence of Mayor Weaver and Chief Wyman and was finally released, owing to Petty failing to file an affidavit charging him with the crime. Both men stood in the mayor's office and wrangled over the affair for more than an hour and at one time were on the verge of coming to blows. The mayor decided that Petty was too much under the influence of whisky to warrant the acceptance of his statement and would not take the case. After Clutter was released he went to the saloon of

of the first to reach the city, arriving Monday. He has headquarters in room 21 in the Neil, which is, as it has been for decades, the abiding place of the politicians during convention times. His opponent, Nelson A. Sims, of Franklin, has room 40 in this hostelry.

The judgeship is yet in doubt. Sheets is leading by a close margin, but no one can tell yet who will win. Summers, it is stated, has the support of Cox, but not that of Senator Hanna. Birkett, who is asking for a third term, is still third man. His candidacy suffers because of the third term candidacies of Auditor of State Guilbert and School Commissioner Bonebrake. General Dick has arrived, guarding with utmost care the first draft of the platform which will be adopted in practically its present shape. It may be galling to Congressman Gill, of Steubenville, to know that Senator Hanna entrusted to Dick the preparation of the original draft of the platform.

Dick's headquarters will be the Mecca of Republicans today and tomorrow. He is easily the most popular party leader outside of Hanna among the rank and file. Contesting delegates will be present from Monroe and Gallia counties. The convention will decide which delegations shall be seated. The caucus meetings of the county and district delegations will be held early this afternoon. East district will select a vice president and members to serve on these committees: Rules and order, credentials, resolutions, organization and central committee.

Stella Mears, where he thought the revolver had been left, but was unable to find it. Clutter will likely be picked up today on a charge of vagrancy. If he is he may go to the workhouse. He owes the fine that was imposed upon him last week for drunkenness.

PROFITLESS TRADE IN HORSEFLESH

Leads to a Suit for the Recovery of
\$850 Alleged to Be Due to a
Canton Man.

Lisbon, June 3.—(Special.)—Edward J. Meyer, of Canton, has brought suit against Henry C. Graft, asking judgment for \$850 with interest from November, 1893. He says that he traded two horses valued at \$600 to the defendant for 160 acres in Franklin county, Fla., receiving what purported to be a clear title. It developed that at the time of the execution of the deed Graft did not have a clear title to the land, one L. L. Yett being the owner and in possession. The defendant, unable to get possession of the property, has not carried out his contract and the plaintiff asks damages.

Meyer further alleges that Graft bought a horse of him and endorsed to him without recourse three promissory notes, aggregating \$250, originally executed by Charles L. Whitbeck and secured by a lot in Taiver, Echols county, Ga. The plaintiff says that by mistake this lot was described as being in the town of "Traiver, Eckles county, Ga.," and fraudulently represented as ample security. Meyer says none of the notes have been paid and are worthless.

STONED A STREET CAR

A Boy Will be Arrested On Charge
of a Serious Mis-
deemeanor.

John McFadden, about 15 years old, will be arrested this evening, and taken before the mayor, to answer to a charge of throwing stones at a Rock Springs street car last evening. The charge was preferred against him this morning by Supt. George Ahrenots, of the railway company.

McFadden, it is alleged, was standing near the entrance of the East Liverpool bridge last evening, when the street car filled with passengers went by. He waited until it got a short distance from him and then maliciously threw a stone, which came near hitting occupants of the car.

The Trial Will Proceed.
Jackson, Ky., June 3.—(Special.)—The order changing the trial of the Jett-White cases to Morgan county has been withdrawn, and the cases will be tried as soon as a jury is secured.

ALLEGED FRAUD IN CONVEYANCE

LEADS TO SUIT INVOLVING LARGE
PROPERTY.

The Realty in Question Situated Near
Fredericktown And Sold at
Sheriff's Sale.

Lisbon, June 3.—(Special.)—Seskind Katz and Solomon Blondheim, as executors of the estate of Daniel Katz, deceased, of Baltimore, Md., has brought suit in the courts of this county against George L. Seldner et al, as executors of the estate of Eva Seldner, deceased, of Baltimore. The case involves a considerable sum of money or its equivalent in realty in and about Fredericktown, this county.

The plaintiff alleges a conveyance of this land at sheriff's sale in satisfaction of a judgment for \$23,209 against the estate of Mrs. Seldner to have been fraudulent.

RESIGNATION WAS TENDERED

Secretary M. C. Wright Urged to Re-
consider and Remain With
Y. M. C. A.

At the meeting of the directors of the Y. M. C. A., last evening, Secretary M. C. Wright tendered his resignation. The board, after considering the matter thoroughly, voted unanimously not to accept it and to urge him to reconsider. It was their opinion that his departure would be a great loss and that no successor who could be obtained could better continue the work he has begun, and it was sincerely hoped and generally believed that he will be induced to remain.

Physical Director P. J. Stephens, who has been the recipient of numerous flattering offers lately, will probably leave East Liverpool. He asked that his salary be increased to \$75 a month. The directors, while fully appreciating his worth as an instructor, did not feel that the association could stand the increased expense. His pay for last year was increased by \$20, making it \$800.

The board decided to organize a physical culture class for the members of the ladies' auxiliary. The class will be in charge of Miss Metcalf and will meet on Wednesday afternoons between the hours of 12:30 and 6:30. During these hours the gymnasium and association building will be reserved for the exclusive use of the ladies. The class will continue for ten weeks.

TWO FEMALES ARRESTED

One Charged With Drunkenness And
the Other With
Vagrancy.

Two girls of the shanty boat districts were arrested last evening by Officers Dunn and Mahoney. They are known as "The Snake Charmer" and "Lizzie Smith." A charge of drunkenness was placed against the former and one of vagrancy against the latter. When they were arraigned this morning they had long tales of woe, but their stories were ineffective.

The mayor did not impose a sentence, but states that he will likely let them spend a month or so handling the brush at the Canton workhouse.

PROBATE MATTERS

Wills Filed and Other Matters Given
Attention by Judge
Martin.

Lisbon, June 3.—(Special.)—Mary K. Baxley, widow of Wm. H. Baxley, of Lisbon, has been appointed administratrix of her late husband's will. Bond \$1,000.

No executor was named in the will of the late David Evans, of Elkrun township, and Annie L. Dickey has been appointed administratrix. Bond \$1,000.

The will of the late John Crissinger, of Wayne township, has been admitted to probate. William Hays is named as executor, and the widow has elected to accept the will.

Bids Were too High.

Lisbon, June 3.—(Special.)—All the bids for the building of the new city hall were rejected as too high, at a council meeting last evening. The matter will be advertised again and bids received until June 29.

PUBLIC SAFETY AND CODE RULES

Board Does Not Accept the High
Priced Books Offered by
an Agent.

NORTHSIDE HEARD FROM

People of That District Want a Portion
of the Bond Money Expended Upon
the New Fire Station—Another
Meeting Tonight.

The board of public safety had been called together last night to look over some supplies which a Columbus firm desired to furnish them, but it was late when they assembled and then it was learned that W. L. Taylor was out of the city. Messrs. Dawson, Ogilvie and Grafton were present, and listened to the agent of the supply house for several hours.

Before the meeting began, however, Councilman Johnston appeared on the scene, and had a few words to say with reference to the board's reported intentions toward the Northside fire station. He said it had come to the knowledge of the residents of his section of the city that the board proposed to do nothing with the matter of equipping the station and putting it in shape to serve the people for the present.

Mr. Johnston told the board he was vitally interested in the new station and it had been the understanding when council agreed to increase the bond issue from \$59,000 to nearly \$93,000 that \$2,000 additional should be devoted to the furnishing and putting in operation of the new station. He did not know what the members on the board proposed to do, but he did know the wishes of his people on the Northside, and if the station was not put in shape as soon as the money had been provided his constituents would not be satisfied. He wanted and thought he had a right to ask for a positive declaration from the board one way or the other. If they proposed to use this money for some other purpose, as had been reported, he wanted to know it. If the board did not play fair in the matter the people of the Northside would be placed in a very bad shape. He did not desire to make any threats, but from what he knew of the situation, the bond issue would never go through if the new station was not given its share of the money derived from the issue of bonds.

Mr. Grafton informed Councilman Johnston that the regular meeting of the board would be held tonight, and the fire station question would be discussed at that time. He was invited to be present and the business was proceeded with.

The agent of the Columbus supply company was anxious to sell his books, and went into detail in an explanation of their merits. The members present were favorably impressed with the bank books and methods of keeping records, and realized that the adoption of the system would be of great value to the board. The books and blanks could be bought at a cost of \$75, and it was the general belief that it would be a good investment. Coupled with the supplies, however, was a set of rules to govern the department of public safety. These rules, the agent said, had been compiled by Judge Okey, of Columbus, and copyrighted by his firm. It was the copyright they charged for, and he made no secret of the fact. The rules consisted of that part of the code which applied directly to the board and its duties, and along with this was the instruction of the author as to what the several sections really meant.

As a matter of fact, the board could take the same matter from the code and abide by the decision of the city solicitor, whose duty it would be to interpret the law. The solicitor has made several trips to Columbus in order to post himself as to the opinion of other attorneys, and the members of the board are of the opinion that he had performed this work to the interest of the city. He could be called upon, in case the board should so decide, to interpret the code, and the code itself gave them the right to form their own rules. It had long ago been decided that these rules should be as simple as it was possible to make them, and there was not a member present who did not agree that the man's proposition, as far as the book of rules is concerned, was an expense that could easily be avoided. The price of the book of rules was

\$100 for 200 copies, and it was not thought advisable to close up at once. The agent was very anxious to wind up the transaction last night, but the board wisely decided to let the matter rest until the regular meeting to night.

MRS. TONY ROSS LEAVES THE CITY

THE PRETTY ABUSED WIFE DE-
PARTS WITH ANOTHER.

Worst Feature of the Case Is That
Two Children Are Left
Behind.

Tony Ross, the East End Italian shoemaker, who was fined \$5 and costs yesterday morning by the mayor upon pleading guilty to thrashing his pretty wife, is doubly sorry today that he adopted his fists for the punishment of his spouse. It was evidently more than she could bear and on the midnight train last night it is said that she, in company with an Italian who had been boarding at the Ross home, left for Cleveland.

Several stories are current as to the troubles in the Ross family. Some say that Tony whipped his wife because she had been making love to the man with whom she left and others say that Tony is to blame for everything.

A sad feature of the story is the fact that two little children are now without a mother and under the protection of one who faces the mayor quite frequently for drunkenness, proving him by no means capable of properly caring for the little ones.

SUIT IS BROUGHT BY CONTRACTOR

Claims He Was Not Paid for Extra
Work on a Wells-
ville House.

Lisbon, June 3.—(Special.)—The case of Fremont McClain against Martin Maas, of Wellsville, in which the plaintiff asks judgment for \$167, with interest, came on for trial this afternoon. The action grew out of a contract made Oct. 7, 1901, which provided that McClain was to build a house in Wellsville for Maas for \$1,200. McClain alleges that while the building was in course of erection the specifications were so modified as to entail a lot of extra expense, for which he has not been paid.

COOK TRIED TO KILL SERVIA'S QUEEN

Detected in the Attempt, He is Re-
ported to Have Commit-
ted Suicide.

Belgrade, Servia, June 3.—(Special.)—King Alexander's French cook is reported to have committed suicide on being detected in an attempt to poison Queen Draga.

DELINQUENT TAX CASE

Settled By M. E. Golding on Payment
of \$2,600 And
Costs.

Lisbon, June 3.—(Special.)—The delinquent tax case of ex-County Treasurer Charles E. Smith against Moses E. Golding, of East Liverpool, was settled in court this morning before it reached the jury, the defendant agreeing to pay \$2,600 and the costs. The amount sued for was \$7,353.11.

Trust Company's New Offices.

The Meredith building, at Sixth street and the Diamond, is being remodeled for the Union Building and Savings company and it will be occupied with the offices of this institution as soon as the changes are completed. This company was to have erected a handsome new business block on the lot recently purchased, in conjunction with Geo. H. Owen & Co., from the Naugle heirs, but the project has been deferred until next year.

Old Teachers Re-elected.

Lisbon, July 3.—(Special.)—The entire corps of teachers of the Lisbon schools was re-elected at a meeting of the board of education last evening. Supt. H. M. Crooks was re-elected at the previous meeting.

Phoenix Club Ball Game.

The married men and single men of the Phoenix club will be antagonists in a game of base ball at Rock Springs park this afternoon. The game will be called at 5 o'clock.

Fatally Shot by Burglars.

Brooklyn, June 3.—(Special.)—James Faere, a watchman, is dying from six bullet wounds inflicted by burglars.

RESOLUTION IS PASSED BY THE CITY COUNCIL FOR \$92,925 BOND ISSUE

Date Not Fixed and the Matter Not Likely to
Reach the Voters of the City
Until July.

It took council but a short time last evening to dispose of the business for which it had been called in special session. The matter of the bond issue decided upon at a recent meeting, was introduced and every member of the body was present but Bullock when the resolution to provide for the issue of bonds of the city in the sum of \$92,925 for the purpose of extending the time of payment of certain indebtednesses which from its limits of taxation the city is unable to pay at maturity was voted on. On motion the rules were suspended and the resolution was placed on its third and final reading.

After the resolution was passed, other matters of minor importance were taken up and a member made a motion that council adjourn. The motion received a second and the body had adjourned and was on the verge of leaving the chamber, when Bullock, who came in at the close of the voting on the paramount issue, asked why a date had not been designated in the resolution for the holding of the bond election. It was his understanding that that was the objective reason for the adjourned session. The important factor had escaped the attention of the other members and President Horwell immediately called the body to order. The city auditor was asked why the date had not been placed in the resolution and he explained that he thought it simply an oversight. He was instructed to insert the proper paragraph, but he convinced council that it was not yet time for the action and the body once more adjourned. Auditor Davidson said that in his opinion it is the first step to pass a resolution declaring it necessary to issue bonds and then a resolution containing the form of election. In the latter he argued the time should be designated. Council took the auditor's version and if it be right the bond issue will not be placed before the people until July.

The several funds that have been overdrawn and that will appear separately on the election sheet, are as follows:

General fund	\$16,200 00
Street fund	29,500 00
Fire fund	8,300 00
Police	4,000 00
Light	600 00
Sanitary	6,100 00
Interest	1,600 00
No. 3 fire station	4,000 00
Franklin street	207 00
McKinnon ave	45 00
Pleasant street	159 00
Pennsylvania avenue	1,357 00
Park fund	522 00
Bank street	700 00
Lisbon street	635 00
Avondale street	1,000 00
Water works	18,000 00

By the provisions of the resolution the bonds are to be issued in the denomination of \$1,000. They are to be numbered from 1 to 93 and all shall bear interest at the rate of 4 1/2 per cent, payable annually and shall be dated and run for a period not less than 10 years or more than 30 years.

WIFE BROUGHT SUIT FOR NON-SUPPORT

George Crawford Taken to Justice's
Court, Where the Suit Was
Compromised.

There were some lively doings in the court of 'Squire McCarron last evening, the first time in several months. The failure of George Crawford, employed in a local pottery, to provide for his wife and their minor child, Walter, aged 2 years, was the foundation for the busy aspect of the justice's sanctum.

Mrs. Mary Crawford appeared at the office yesterday morning and appealed to the 'squire for justice. She said that she and George Crawford had been married for several years and that to them had been born one child. He had not supported the infant since last January, and as she is about to become a mother once more she thought it high time George was being placed on the carpet. The 'squire was not long in felling the helpless creature that if her story was true that his office was the place to receive redress and a warrant for the arrest of Crawford was soon in the hands of Constable Powell.

The husband was arrested and arraigned before the 'squire at an early hour last evening. He acknowledged that he had not supported the child and alleged that his wife had been untrue to him. The justice listened to the stories of both and finally advised them to make an amicable agreement. Crawford effected a settlement by promising to give his wife \$2 per week and paying the costs of the action.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Life Plant Cures Rheumatism.

Because it purifies the blood. Rheumatism is caused by the presence of an excess of uric acid in the blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry off the uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the uric acid, and prevents a recurrence of the disease. It renews life. Restores and renews the vital element in the blood and makes you strong and vigorous. Read what two grateful say:

Life Plant Company, Messrs:
For the benefit of those who have Rheumatism, I take the liberty to inform you of my remarkable cure by the use of Life Plant. Had Rheumatism for six years. Shoulders so affected as to prevent my lying on either side. Sciatic Rheumatism in my right leg, gave me many sleepless hours at night. Limp came in the veins of my wrists and neck, very painful to the touch. Physicians and medicines failed to benefit me. At last I was induced to try Life Plant, three bottles cured me. No more lumps, no more soreness, no more pain. I am well and all right. Yours truly, George Greter.

OLD BRICK CHURCH AND ITS MEMORIES

Stirring Events of the Civil War
Period in the Scotch
Settlement.

RECALLED BY REV. SWAN

The Venerable ex-Pastor Made a Memorial Day Address Replete With Interesting History — Excitement Over the Capture of Morgan.

Although four decades have elapsed since many of the scenes were enacted, there are many in the Scotch Settlement who still retain a vivid remembrance of the dark days of the civil war, days that tried the souls of strong men and brought anguish to the hearts of brave women. Among the number is Rev. J. N. Swan, now of Ohio avenue, East End, then a young man just entering upon a ministry that has been fruitful of good for nearly half a century, and who is now what can be called a grand old man, in the afternoon of life, yet still active and of great service to his Master.

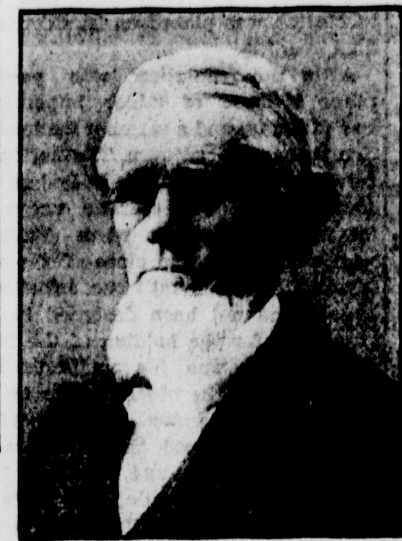

Rev. Mr. Swan was pastor of the "Brick" church in the Scotch Settlement during the war. The church edifice is surrounded by many interesting occurrences. It is almost a century old and before many months this anniversary will be observed. Among the 42 graves in the little church yard are those of soldiers of the revolutionary war, the conflict of 1812 and the great civil strife of 1861 to 1865, and none of them are forgotten by the patriotic people of the settlement on Memorial day.

There are yet living in the neighborhood many of the members of the "Brick" church, who were young men when Rev. Mr. Swan began his pastorate. He preached the funeral orations for their soldier dead and comforted them in the great griefs wrought by the ravages of war. The relation thus established was such as to endure throughout all the years that have come and gone and upon the occasion of observing Memorial day they were of one mind in calling upon him to officiate at the ceremonies.

Rev. Mr. Swan readily accepted the invitation and decided to make the service a retrospective of the people and the events of the neighborhood, rather than to deal with the subject in a general way. His memory had served him well and he could recall the names and personalities of the young men of his flock who shouldered their muskets in defense of the flag; those who fell in battle, those who died in the service, or wasted by disease and privation, succumbed to death after the dove of peace had fluttered over a reunited nation.

The people of the Scotch Settlement are intensely patriotic and they gathered in great numbers at their place of worship on last Memorial day to pay tribute to their honored dead, interested to a greater extent perhaps, because an honored and revered pastor was to tell of their brothers and fathers and the part they played in the crisis of a great nation. The little girls of the church, prettily dressed in white, marched among the graves and deposited at each a cluster of flowers and a diminutive American flag. Then the services within the church were taken up. The pastor, Rev. Mr. Oliver, made the opening address, welcoming the former pastor.

It was with a great deal of emotion that Rev. Mr. Swan commenced his address, recalling as it did so many dear memories and pathetic incidents. His hearers were as visibly affected and many eyes were tear dimmed as he pronounced the names and a eulogy for those who fell in the conflict. Four

WITH THE WORKMEN IN THE CLAY PLANTS

N. B. OF O. P. DEMANDS.

President Duffy left the city last night for Crooksville to settle a dispute of minor importance that has arisen between the operatives and the firm. He will go to Derry from Crooksville to organize a local of the N. B. of O. P. and will not be home until some time Thursday. Other officials of the Brotherhood refused to discuss the situation today.

The changes sanctioned by the Brotherhood at the Wheeling convention, 19 in number, are given below:

That apprentice rules for the decorating department and the uniform list for decalcomania and filling-in be adopted; a wage of \$3.50 for pressers working by the day; regulating apprentice printers and printing for ware broken after it has left the printer's hands; making the price of packing crates 60 cents; \$1 a day for all warehouse girls and a nine-hour day; a nine-hour day for all employees working day wage; increasing the pressing list 15 per cent, except for slops, cover dishes, casseroles, turkeys and pickles; 10 per cent increase for jiggering plain edged, rolled edge, hotels and sponged bowls; fixing the number of apprentice jiggermen to one for every seven journeymen; providing remuneration for claymakers who report to pug clay when no clay is being made; reducing a day's work for biscuit kilnmen from 212 to 200 cubic feet, the establishment of the pressing list for casting; regulating the price for printing machines at 25 per cent less than the regular printing list, or \$3 per day, with two crews and \$3.50 with three crews and \$4 with four crews, the number of crews to a machine being not less than two nor more than four; an increase of 15 per cent for sticking-up all jugs and ball boy jugs; relieving saggermakers from putting up soaks of clay or paying half the expense for pugging same.

No scheme less than 2 1/2 cents per dozen in two colors; no dinner were less than 3 cents per dozen. Apprentice Rule—First six months, 50 cents per day or piece work at 33 1/3 off; second six months, 60 cents per day or piece work at 25 off; third six months, 75 cents per day or piece work at 15 off; fourth six months, \$1 per day or piece work at 10 off; third year, \$1.25 per day or piece work at 5 off; fourth year and thereafter journeymen at \$1.50 per day or piece work; nine hours shall constitute a day's work.

Decalcomania—No scheme less than 5 cents per dozen; no dinner were less than 10 cents per dozen for a 10-piece set, and 15 cents for a 12-piece set; the apprentice rule and day wage price shall be the same as filling-in; the limit of apprentices in filling-in and decalcomania shall be one apprentice to every five journeymen and two to every 11.

Apprentice Rule for Gliding, Lining and Groundlaying—An apprentice shall work five years at the trade before becoming a journeyman or journeymen, as follows: First three months, 50 cents a day; second three months, 75 cents per day; second six months, \$1 per day or piece work at 33 1/3 off; second year, \$1.25 per day or piece work at 25 off; third year, \$1.25 per day or piece work at 20 off; fourth year, \$2 per day or piece work at 15 off; fifth year, \$2.50 per day or piece work at 10 off; sixth year he or she shall become journeyman or journeymen at the rate of \$3 per day; there shall be one apprentice for every journeyman or journeymen, two to every 11; all apprentices being at work before this scale goes into effect shall work three years.

The exclusive publication in yesterday's News Review of the demand

from the National Brotherhood for a conference with the manufacturers was the realization of an event momentarily expected by the people of the city, who are vitally interested in the outcome. The impression that was given out at the close of the potter's convention that demands sanctioned by the convention would not be an occasion for strife among the operatives and the manufacturers is still borne out in spite of the fact that several of the resolutions passed are made known for the first time. Several branches of the trade favored measures bettering the existing conditions and the convention, recognizing their justness, promptly adopted them.

It is unfortunate that any demands were necessary, owing to the dull period the manufacturers are experiencing, but this is a condition that will last but a short time. Not the least alarm is felt on either side over the deliberation of the conference committee, which will have passed upon the demands before the end of next month. The manufacturers, it is thought, will grant most of the demands without much controversy.

National President Duffy has no doubt decided upon who shall be the members of the conference committee for the organization, although their names have not been given to the public. He can be depended upon to select level-headed, conservative men, fully equipped to deal intelligently with the questions. The manufacturers will have plenty of time to consider the demands before the conference takes place.

TO BE RE-OPENED.

The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery Co., Canton, has interested a number of Pittsburgh capitalists, who have decided to re-open the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will be in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, Pa., Audley Calhoun, of McKeesport, Pa., and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fireproofing will be taken up. The management has already made arrangements for the sale of the entire output to Pittsburgh jobbers.

ONE OF THE BEST.

By the retirement of Tom Robinson, foreman of the East Liverpool plant, the combine loses one of the best practical men in the western district. In speaking of his retirement this morning

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale on this preparation, since first introduced in East Liverpool and the remarkable results following its use, have made Will Reed such an enthusiastic believer in the great value of Mi-o-na, that he gives his personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggist Will Reed has seen so many of his customers who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Mi-o-na that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

THE CONFERENCE.

The exclusive publication in yesterday's News Review of the demand

ing to a News Review reporter several well-posted operatives made the assertion that he ranked among the first three mechanical men in the west, and this is borne out by his excellent record. Mr. Robinson is a stockholder in the East Liverpool Pottery Co. company and for the present will take life easy. His successor, "Doc" Ferguson, is also a stockholder, and has held several responsible positions.

A DULL DAY.

There was very little work yesterday among the local plants, most of the operatives taking a day of rest after the festivities of Monday's picnic, which was one of the most successful ever given by the organization. Several of the plants had to drop a kiln, owing to the two holidays coming together. Business with most of the local plants has been rather slow lately and very little improvement will be noted until after the midsummer loaf.

MANY WILL CAMP.

Camping parties will be numerous when the plants close down for the mid-summer loaf, about the last of the month. Several of the regularly organized clubs have already selected their camping spots and will spend the time in piscatorial sports. Many informal camping parties will be made up at the last minute and the vacation promises to be of great pleasure. Those who do not care for camping will visit relatives in their native cities.

AMONG THE WORKMEN.

The Taylor, Smith & Taylor plant in Chester has been idle since Friday, and it has been given out that the loaf will last for a week. No reason was assigned.

A broken shaft at the East Liverpool caused a loaf of half a day at the plant yesterday afternoon. The damage has been repaired and the men are working today as usual.

Secretary Ed Menge, of the N. B. of O. P., has gone to housekeeping in this city, his family and household goods reaching here Monday. Mr. Menge has secured a nice residence on Chester avenue and is already in love with life on the hill tops of East Liverpool.

Andrew Coleman, treasurer of the N. B. of O. P., was the happiest man in the Southside park Monday when his son won the 100-yard handicap race. Aaron is not a betting man, but he stated that he would have risked all his possessions on the result.

To meet deficiencies in the sanitary fund	6,100 00
To meet deficiencies in the interest fund	1,600 00
To meet deficiencies for payment of No. 3 fire station	4,000 00
To meet deficiencies for the Franklin street fund	207 00
To meet deficiencies for the McKinnon avenue No. 1 fund	45 00
To meet deficiencies for the Pleasant street fund	159 00
To meet deficiencies for Pennsylvania avenue No. 1, East	
End grading	1,357 00
To meet deficiencies for Park fund	522 00
To meet deficiencies for Bank street fund	700 00
To meet deficiencies for Lisbon street fund	635 00
To meet deficiencies for Avondale street fund	1,000 00
To meet deficiencies for the Water Works fund	18,000 00

Amounting in all to \$92,925 00 are hereby determined and declared to be existing, valid and binding obligations of said city.

Section 2. To provide means to extend the time of payment of said indebtedness which from its limits of taxation the city of East Liverpool, Ohio, is unable to pay at maturity, there shall be issued the bonds of the City of East Liverpool to an aggregate amount of Ninety-two Thousand Nine Hundred Twenty-five dollars (\$92,925 00) which said bonds shall be in the denomination of One Thousand Dollars (\$1,000 00) each (except that bond number one shall be \$925 00) and numbered consecutively from one to ninety-three, all made payable at the office of the City Treasurer in the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent (4 1/2 per cent) per annum, payable semi-annually at the same place, and said bonds shall be dated and shall run for a period of not less than ten or more than thirty years from their date.

Section 3. Said bonds shall express upon their face the purpose for which they were issued and that they were issued in pursuance of this resolution. They shall be prepared, issued and delivered under the direction of the finance committee of council and the City Auditor, and shall be signed by the Mayor of said city and by the City Auditor and sealed with the corporate seal of said city; the interest coupons attached to said bonds shall be executed by the City Auditor with his signature thereto, or he shall have his signature printed or lithographed thereon.

Section 4. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds not so taken shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of said bonds, except the premiums and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose; and the premiums and accrued interest received from such sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Section 5. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed June 2, 1903.

Colonial Secretary Chamberlain

proposes a departure for England,

which, if adopted, would make a

sweeping change in that country's

fiscal policy. He wants parliament

to allow him to tax food products of

various sorts, and incidentally to

fight German and American trusts.

The scheme involves reciprocal trade

with the empire and duties on certain

articles which are produced chiefly

by the United States and Germany.

A regular system of duties, it is

proposed, are to be adopted by England,

but favors are to be granted to the

imports from England's colonies, in

exchange for favors granted by them

to imports from England.

The bond issue is a live issue. It

is necessary that it be passed for the

protection of the city's interests and

to put the city's affairs on a business

basis. Of course it will be opposed by

the timid, yet even they can suggest

no better way out of existing difficul-

ties. The city must get out of the

hole into which it has fallen, and the

bonds afford the only method of doing

so. A lesson in economy and caution

has been taught and should be

remembered when the present embar-

assment is relieved.

President Schwab, of the United

States Steel corporation reports that

that gigantic concern has enough work

ahead to keep its mills running steady

at full capacity throughout the

year. Such a condition in the iron

trade is an assurance of the continu-

ance and stability of industrial pros-

perity.

Changes of venue are asked so

often in Kentucky as to suggest the

propriety of putting court houses on

wheels. The trouble would be that

they would seldom be called for in lo-

calities where they are most needed.

It is going to be a magnificent Re-

publican year in Ohio. The ticket

and platform that will be made up

at Columbus this week will meet with

popular approval, both now and in

November.

A story comes from Oklahoma that

John Wilkes Booth, the assassin of

President Lincoln, has recently died

in that territory. Can't believe it.

No man with his record was ever suf-

fered to live long in Oklahoma.

The late Thomas B. Reed left less

than a half a million, and most of that

he made after he got out of congress.

As a statesman, he looked after the

country's interests, rather than his

own.

Sir Thomas Lipton will bring two

Shamrocks over this year. In time

Sir Thomas's collection of Sham-

rocks will be worth going miles to

see.

The Pennsylvania newspapers are

calling Pennypacker a penny governor

and still he does not sue for libel.

Quay proposes once more to re-

tire from politics. He has made re-

form professions before.

Bryan says the 16 to 1 issue is not

dead. Possibly not, but its chief ad-

vocate certainly is.

OBITUARY

Miss Nora Mort.

Miss Nora Mort, 21 years of age, of

this city, died at the Passavant hos-

pital, Pittsburgh, yesterday morning,

following an operation for relief of a

distressing case of dropsy and stom-

ach trouble. The remains were

brought home last evening and the

funeral will be held from the home

of the parents tomorrow at 2 p. m.

Rev. J. G. Reinartz officiating. She

was the daughter of Mr. and Mrs.

George W. Mort and a devout member

of the Lutheran church. She is sur-

vived by her parents, five brothers

and four sisters, Mrs. Dr. K. C. Willis,

of this city; Blanche, Maggie and

Clara, at home; George Mort, Jr., of

New Waterford, Conn.; William, Earl

and Bryan, East Liverpool.

Mrs. Caroline Ogden Bennett.

Mrs. Caroline Ogden Bennett, daugh-

ter of the late Benjamin Ogden, of this

city, and a sister of Dr. C. B. Ogden,

died suddenly Saturday, at her home

near Scotland, Ind. She had just

finished eating breakfast when she

fell over dead. She was in her 59th

year and has been a widow many

years. One son, Charles, and five

brothers and two sisters survive her.

She was highly esteemed at her home

and had a large number of friends

here.

He Forgave the Bishop.

A certain bishop, an ardent advocate

of teetotalism, found one of his flock, to

whom he had preached for years, leaning

in helpless drunkenness against a

wall.

"Wilkins!" cried the bishop, in-

expressly shocked. "Oh, Wilkins! You

in this state! I am sorry; I am sorry; I

am sorry!"

As the bishop was passing by on the

other side Wilkins pulled himself to-

gether and hiccuped after him:

"Bishop, bishop!"

The bishop hastened back in the hope

of hearing a resolution of repentance.

"Bishop, if you are really sorry I for-

give you!"

A Bird Much Like a Fish.

The "birds of a feather" that "flock

together" do not belong to the penguin

family, as they are entirely destitute of

feathers, having for a covering a kind

of stiff down. Another penguin pecu-

liarity is that it swims not on, but under

water, never keeping more than its

head out and when fishing coming to

the surface at such brief and rare in-

tervals that an ordinary observer

would almost certainly mistake it for a

fish.

move at all, while at all times walking was

painful. I presented her with a bottle of

Chamberlain's Pain Balm and after a few

applications she decided it was the most

powerful pain reliever she had ever tried.

In fact, she is never without it now and is

able to walk. An occasional applica-

tion of Pain Balm keeps away the pain

that she was formerly troubled with."

"Why, they've got a story here about that young chump who is going to marry Laura and refer to him as her fiance."

"Oh, I see—a typographical error!"
"Typographical error?" Bah! Error of fact. I have been her fiance for the last twenty years, and, judging from the prospects of the young man she insists is the only one she will ever marry, I will continue to act in that capacity for the next twenty. Stop the paper!"—Philadelphia Times.

A Good Place to Stop.
He really ought not to have gone into the Latin class that day. He was called up first and read as far as he had prepared. Then he skinned on a little further. This is the way it went:

"I, Ulysses, saw her (Dido's) heavenly form advancing like a goddess in the sunlight. I sprang toward her, and she welcomed me. Her hair fell down upon her shoulders like the sunbeams on Olympus. Her eyes shone like two jewels of the sea. I threw my arms—my arms—about her—her neck, neck, and—that's as far as I got, professor." Exchange.

Remarkable Lakes.
On the Mangisliak peninsula, in the Caspian sea, there are five small lakes. One of them is covered with salt crystals strong enough to allow man and beast to cross the lake on foot. Another is as round as any circle and of a lovely rose color. Its banks of salt crystal form a setting white as the driven snow to the water, which not only shows all the colors from violet to rose red, but from which rises a perfume of violets. Both the perfume and the color are the result of the presence of seaweeds.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

EXCEPTIONAL SECURITY AFFORDED.

The issue is secured by the deposit of the Capital Stock of the Wheeling Natural Gas Company of West Virginia, which is the only lien on the Company's properties, right and privileges.

The capital stock of the Wheeling Natural Gas Company is \$1,500,000

Its market value is \$4,470,000

The actual cash invested in the Company's plant is \$4,954,501 65

The capital stock of the Manufacturers Light and Heat Company is \$21,500,000

Its market value at \$43 per share is \$18,490,000

The actual cash invested in the Company's plant is \$24,345,000 00

The security afforded by the market value of both companies is \$22,960,000

The security afforded by actual cash invested in both companies is \$29,299,501 65

In addition the Company has cash on hand and cash assets (the latter being partly estimated) of \$1,258,000 00

Making a total property value securing the bonds, approximately \$30,557,501 65

Against which there is a total bonded indebtedness, outstanding, including this and all subsidiary issues, of only \$3,607,000 00

Under a special provision of the agreement entered into at the time of the purchase of the Wheeling Natural Gas Company by The Manufacturers Light and Heat Company, when all of the stock of the former company has been transferred to the latter, the floating indebtedness of the Wheeling Natural Gas Company is limited to \$200,000 at any one time; and no other bonds can be secured upon its assets until this issue is completely retired.

The Wheeling Natural Gas Company was incorporated under the laws of West Virginia March 26, 1886, and, at the time of its purchase by The Manufacturers Light and Heat Company, was managed by the following well-known gentlemen: Officers: William Flinn, President; A. B. Dally, Jr., Vice President and General Superintendent; W. J. Diehl, Secretary and Treasurer. Directors: William Flinn, A. B. Dally, Jr., George H. Flinn, Edwin Bindley, C. H. Stolzenbach, Vincent Stevens, H. A. Neeb, A. C. Robertson, John S. Wilson. The company began paying dividends in 1894, and, at the time of its absorption, was paying at the rate of 10 per cent per annum.

The Manufacturers Light and Heat Company was incorporated under the laws of Pennsylvania in October, 1900, and its principal offices are in Pittsburgh. Its officers and directors are: Officers: H. B. Beatty, H. Myers, H. I. Beers, H. M. Nichols, E. V. Selden, David Iseman, F. N. Chambers, L. B. Beatty. At the time of the purchase of the Fort Pitt Gas Company, it was paying dividends at the rate of 12 per cent per annum, or 3 per cent quarterly. Starting July 1st next, it will be the policy to pay quarterly dividends of 1 1/2 per cent, or at the rate of 6 per cent per annum, on its entire capital stock. The property, rights and franchises of the two companies are immensely valuable. The territory supplied affords now enormous business and a great opportunity for phenomenal expansion. That served by the Wheeling Natural Gas Co., Ohio: Washington, Pa. The Manufacturers Light and Heat Company serves: In Pennsylvania: Pittsburgh, Allegheny, Washington, Waynesburg, Canonsburg, Coraopolis, Bellevue, Avalon, Glenfield, McDonald, Emsworth, Ben Avon, Beaver, New Brighton, New Castle, Beaver Falls, Rochester, Sewickley, Monaca, Carnegie, McKees Rocks. In Ohio: Steubenville, East Liverpool, Wellsville, Toronto, Mingo Junction, Clarig-

Having fully and carefully investigated all the conditions and circumstances surrounding the security for the bonds, they are offered for sale at the prices named, and recommended as a safe and desirable investment.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Picnic Money—The Brotherhood picnic is expected to net the organization about \$500.

Pension Day—Tomorrow is pension day and Justices Daniel McLane and J. N. Rose are expecting many busy hours.

Many Teachers Examined—Over 50 candidates for positions in the East Liverpool schools took the teachers' examination at the high school rooms yesterday.

The Coopers' Scale—Four employing coopers have signed the new scale of the journeymen which calls for an increase of 1 cent in the making of casks in the hand work shops and an increase of 2 cents per cask in the machine work shops. The signers thus far are all hand work shops.

Invited to Centennial—The Sons of Veterans, at their regular meeting last evening, mustered in two recruits. An invitation from the Lisbon centennial committee, inviting them to be present at the county seat June 17 and 18, with the G. A. R., was considered, but no action taken. Division Commander Rose and staff will probably attend, and the camp also.

Garbage Barrel on Fire—The fire department was summoned to the residence of John Shingler, on College street, this morning, where the contents of a garbage barrel were found to be on fire under a high porch at the front of the house. The dense smoke frightened the family and some of the inmates of the house had already begun to remove the furniture. The firemen soon extinguished the flames, the damage being slight. It is supposed the fire was started by rats.

WILLIAM DEVON HURT

Painfully Injured by Being Caught Beneath Falling Sagger.

William Devon, kiln fireman at the D. E. McNicol pottery, was painfully injured yesterday, by being caught beneath a falling bung of sagger. One of the sagger struck him on the left hip, inflicting an injury that may prove serious. He was taken to his home on Thompson avenue, where he has been suffering greatly. The injury has rendered his left leg temporarily useless.

ANNUAL PICNIC OF STREET CAR MEN

Arrangements Promise a Great Outing on the 12th Instant.

The general committee of arrangements for the annual picnic of Division No. 52, of street railway men, met at city hall last night, and the finishing touches were put to the arrangements for the outing, which takes place on the 10th.

Those present were: Charles Kontner, James Mays, J. Morgan, William Watson, Samuel Kerr. A number of sub-committees were appointed and they will be given instructions as to their duties at once. Those who will have charge of the several departments of the work are: Gate committee, J. Morgan, James Mays, George ("Rubber") Hale; ticket office, Samuel Kerr, O. Jackson; dancing pavilion, William Watson and Harvey Allison.

The general committee has issued invitations to every local union in East Liverpool and also to the street railway men from Steubenville, New Castle, Wheeling, Beaver Valley, Pittsburgh, Sharon and several other cities. The attendance from out of town promises to be very large and elaborate preparation is being made for the entertainment of the visitors.

One of the matters discussed at the meeting last night was that with reference to the base ball game to be played on the day of the picnic. A number of the members of the committee thought it advisable to send out of town for players, as they had been informed the press club, which will oppose them on picnic day, would be a hard aggregation to down. The members of the committee figured that it would be humiliating for the street railway men to be beaten, since the people would be looking to them for their amusement and entertainment. Should they be defeated, which seems almost a certainty, it may spoil the enjoyment of the day for many.

THE BURIAL LOTS ARE FOR THE G. A. R.

General Lyon Post Does Not Propose to Grant Them to Spanish War Veterans.

Members of General Lyon post No. 44, G. A. R., having been approached lately with a request that they allow veterans of the Spanish-American war burial ground in the lots given them years ago by the Riverview Cemetery association, and not being in favor of granting such requests held a meeting last evening and adopted the following resolution:

"Resolved, That the grounds assigned by Riverview Cemetery association to General Lyon post No. 44, G. A. R., for burial purposes shall be held sacred as a last resting place of honorably discharged ex-soldiers and sailors of the war for the preservation of the union from 1861 to 1865, who may not have a lot on which to be buried."

Discouraging.

"My dear sir," wrote the editor to the persistent young author, "in order to simplify matters somewhat we are enclosing a bunch of our 'declined with thanks' notices. If you will put one of these in an envelope with your manuscript and mail it to yourself, it will make it easier for all of us, and you will be saving something in postage as well."—Chicago Post.

Goldfish.

There are some goldfish in Washington which belonged to the same family for the last fifty years, and they seem no bigger and no less vivacious today than they did when they first came into the owner's possession. A few of the fish in the Royal aquarium in St. Petersburg are known to be 150 years old.

Depressing.

"Were there laughter and cheers during your speech?" "Well," answered the youthful statesman, "there weren't many cheers, but now and then people in the audience looked at one another and laughed."—Washington Star.

A Case of Necessity.

Mrs. Smith—We missed you so much at our party! Mrs. Jones—And I was so vexed when I couldn't come! You see, our cook had company unexpectedly, and she needed us to fill out the card tables.—Detroit Journal.

ROUTINE MATTERS BEFORE COUNCIL

Property Owner Wants a Change in Curb Line—Vehicle Ordinance Authorized.

Clerk Gipner, of the board of public service, submitted a communication to council at its meeting last evening requesting the body to grant Benjamin Scharr the privilege of moving back the curb in front of his property on Third street, which is opposite the Thompson house, two feet. Mr. Scharr contends that, owing to the placing of a double track in the street, there is not sufficient room in front of his property for vehicle traffic. The request was carefully considered and finally disposed of by authorizing the street committee, the board of public service and the city engineer to take whatever action they think best.

In arguing the question one member stated that he thought it would be more prudent to remove the curb entirely and place in its place a curved gutter. He thought that would prevent any damage suits and that the street would not be obnoxious to travel.

Mr. Scharr will be granted the privilege only after signing a waiver of claims for damage from storm water and bearing all expense of making the change.

Mr. Johnston spoke at length concerning some changes he thought to be necessary in the ordinance covering the acceptance of maps and plats and it was decided to instruct the solicitor and engineer to draw up an other ordinance containing the provisions as recommended by Mr. Johnston.

Mr. Cannon thought an ordinance providing for vehicles should be compiled and placed into effect. He said that there is not a city in the state that does not have an ordinance of the kind and could not see why East Liverpool should not have one. A committee was finally appointed to draw one. The members of the committee are Bullock, Moon and Croxall. They were instructed to make the ordinance strong enough to withstand all tests. It will be remembered that council passed a vehicle ordinance a year or so ago and it was thrown out owing to its unconstitutionality.

Miss Dorothy G. Chaney and Charles A. Perry, two prominent young people of this city, were united in marriage Monday by Squire McLane. The young couple have a host of friends, who are extending congratulations. They will go to housekeeping in the near future.

Picnic of Class of 1903.

The senior class of the High school, who were graduated last Thursday evening, enjoyed a class picnic today at Rock Springs park. The event was one of the most delightful and memorable of the class.

Embroidery Circle Meeting.

The Embroidery Circle, composed of a number of the industrious needle workers of St. Stephen's Episcopal church, held a social and business meeting in the parish house of the church last evening.

Crafty M. Blanc.

Blanc, the founder of the Monte Carlo gambling resort, was well aware of the desperate character of many of his customers. Knowing that they included the scum and riffraff of the world, he took precautions against them. He never carried any money, which fact he announced so frequently and publicly that it was known everywhere along the Riviera that the millionaire Blanc never had a penny on his person. But he carried in a pocketbook a draft on red paper for several hundred thousand francs, payable to the holder. He feared kidnapping as much as robbery, and in case of abduction he intended to ransom himself with this draft. But the instructions at his office were not to cash a red draft with his signature unless a telegram was received from him ordering it to be done.

Won Out.

"His marriage was a failure, wasn't it?" "Great smoke, no! It saved him from bankruptcy,"—Judge.

The way to avoid the imputation of impudence is not to be ashamed of what we do, but never to do what we ought to be ashamed of.—Dryden.

WHO SHALL GET SECOND PLACE UPON THE REPUBLICAN TICKET A QUESTION YET UNSETTLED

The Judgeship Is Also in Doubt—Platform Ready
and Convention Opens at
4 p. m. Today.

From a Staff Correspondent.

Columbus, June 3.—Promptly at 4 o'clock this afternoon the big Republican state convention will open in the Goodale street auditorium, this city, the place where so many political conventions have been held. The gavel will be in the hands of Senator M. A. Hanna, the temporary chairman. He will sound the keynote, after which a permanent organization will be formed. Senator J. B. Foraker will be made permanent chairman.

The real business will not begin until tomorrow morning at 10 o'clock when the nominations will be made. It is not thought the convention will last long after the delegates get down to business—possibly not longer than three or four hours. It may not continue this long, as there will be no contests for most of the places. It has not been settled yet who is to be named for lieutenant governor. Geo. B. Cox, of Cincinnati, and Senator Hanna, who came last night, will determine this selection. Cox favors Harding.

The suggestion that the lieutenant governorship should go to an old soldier commends itself to many, and if it prevails the honor will likely go to General M. M. Boothman, of Bryan, who has represented Williams county in congress and who is well equipped for the position. Harding has made no fight for the nomination, although he may begin one today. He is here, he is a splendid campaigner and will be a difficult man to beat if he takes on his coat to win.

Hon. W. S. McKinnon, of Ashtabula, candidate for state treasurer, was one

of the first to reach the city, arriving Monday. He has headquarters in room 21 in the Neil, which is, as it has been for decades, the abiding place of the politicians during convention times. His opponent, Nelson A. Sims, of Franklin, has room 40 in this hostelry.

The judgeship is yet in doubt. Sheets is leading by a close margin, but no one can tell yet who will win. Summers, it is stated, has the support of Cox, but not that of Senator Hanna. Birkett, who is asking for a third term, is still third man. His candidacy suffers because of the third term candidacies of Auditor of State Guilbert and School Commissioner Bonebrake. General Dick has arrived, guarding with utmost care the first draft of the platform which will be adopted in practically its present shape. It may be galling to Congressman Gill, of Steubenville, to know that Senator Hanna entrusted to Dick the preparation of the original draft of the platform.

Dick's headquarters will be the Mecca of Republicans today and tomorrow. He is easily the most popular party leader outside of Hanna among the rank and file. Contesting delegates will be present from Monroe and Gallia counties. The convention will decide which delegations shall be seated.

The caucus meetings of the county and district delegations will be held early this afternoon. East district will select a vice president and members to serve on these committees: Rules and order, credentials, resolutions, organization and central committee.

Stella Mears, where he thought the revolver had been left, but was unable to find it.

Clutter will likely be picked up today on a charge of vagrancy. If he is he may go to the workhouse. He owes the fine that was imposed upon him last week for drunkenness.

PROFITLESS TRADE IN HORSEFLESH

Leads to a Suit for the Recovery of
\$850 Alleged to Be Due to a
Canton Man.

Lisbon, June 3.—(Special.)—Edward J. Meyer, of Canton, has brought suit against Henry C. Graff, asking judgment for \$850 with interest from November, 1893. He says that he traded two horses valued at \$600 to the defendant for 160 acres in Franklin county, Fla., receiving what purported to be a clear title. It developed that at the time of the execution of the deed Graff did not have a clear title to the land, one L. L. Yett being the owner and in possession. The defendant, unable to get possession of the property, has not carried out his contract and the plaintiff asks damages. Meyer further alleges that Graff bought a horse of him and endorsed to him without recourse three promissory notes, aggregating \$250, originally executed by Charles L. Whitbeck and secured by a lot in Talver, Echols county, Ga. The plaintiff says that by mistake this lot was described as being in the town of "Traiver, Echols county, Ga." and fraudulently represented as ample security. Meyer says none of the notes have been paid and are worthless.

STONED A STREET CAR

A Boy Will be Arrested on Charge
of a Serious Mis-
deemeanor.

John McFadden, about 15 years old, will be arrested this evening, and taken before the mayor, to answer to a charge of throwing stones at a Rock Springs street car last evening. The charge was preferred against him this morning by Supt. George Ahrendts, of the railway company. McFadden, it is alleged, was standing near the entrance of the East Liverpool bridge last evening, when the street car filled with passengers went by. He waited until it got a short distance from him and then maliciously threw a stone, which came near hitting occupants of the car.

The Trial Will Proceed.
Jackson, Ky., June 3.—(Special.)—The order changing the trial of the Jett-White cases to Morgan county has been withdrawn, and the cases will be tried as soon as a jury is secured.

ALLEGED FRAUD IN CONVEYANCE

LEADS TO SUIT INVOLVING LARGE
PROPERTY.

The Realty in Question Situated Near
Fredericktown And Sold at
Sheriff's Sale.

Lisbon, June 3.—(Special.)—Seskind Katz and Solomon Blondheim, as executors of the estate of Daniel Katz, deceased, of Baltimore, Md., have brought suit in the courts of this county against George L. Seldner et al, as executors of the estate of Eva Seldner, deceased, of Baltimore. The case involves a considerable sum of money or its equivalent in realty in and about Fredericktown, this county.

The plaintiff alleges a conveyance of this land at sheriff's sale in satisfaction of a judgment for \$23,209 against the estate of Mrs. Seldner to have been fraudulent.

RESIGNATION WAS TENDERED

Secretary M. C. Wright Urged to Re-
consider and Remain With
Y. M. C. A.

At the meeting of the directors of the Y. M. C. A., last evening, Secretary M. C. Wright tendered his resignation. The board, after considering the matter thoroughly, voted unanimously not to accept it and to urge him to reconsider. It was their opinion that his departure would be a great loss and that no successor who could be obtained could better continue the work he has begun, and it was sincerely hoped and generally believed that he will be induced to remain.

Physical Director P. J. Stephens, who has been the recipient of numerous flattering offers lately, will probably leave East Liverpool. He asked that his salary be increased to \$75 a month. The directors, while fully appreciating his worth as an instructor, did not feel that the association could stand the increased expense. His pay for last year was increased by \$20, making it \$800.

The board decided to organize a physical culture class for the members of the ladies' auxiliary. The class will be in charge of Miss Metcalf and will meet on Wednesday afternoons between the hours of 12:30 and 6:30. During these hours the gymnasium and association building will be reserved for the exclusive use of the ladies. The class will continue for ten weeks.

TWO FEMALES ARRESTED

One Charged With Drunkenness And
the Other With
Vagrancy.

Two girls of the shanty boat districts were arrested last evening by Officers Dunn and Mahoney. They are known as "The Snake Charmer" and Lizzie Smith. A charge of drunkenness was placed against the former and one of vagrancy against the latter. When they were arraigned this morning they had long tales of woe, but their stories were ineffective.

The mayor did not impose a sentence, but states that he will likely let them spend a month or so handling the brush at the Canton workhouse.

PROBATE MATTERS

Wills Filed and Other Matters Given
Attention by Judge
Martin.

Lisbon, June 3.—(Special.)—Mary K. Baxley, widow of Wm. H. Baxley, of Lisbon, has been appointed administratrix of her late husband's will. Bond \$1,600.

No executor was named in the will of the late David Evans, of Elkrun township, and Annie L. Dickey has been appointed administratrix. Bond \$1,000.

The will of the late John Crissinger, of Wayne township, has been admitted to probate. William Hays is named as executor, and the widow has elected to accept the will.

Bids Were too High.

Lisbon, June 3.—(Special.)—All the bids for the building of the new city hall were rejected as too high, at a council meeting last evening. The matter will be advertised again and bids received until June 29.

NORTHSIDE HEARD FROM

People of That District Want a Portion
of the Bond Money Expended Upon
the New Fire Station—Another
Meeting Tonight.

The board of public safety had been called together last night to look over some supplies which a Columbus firm desired to furnish them, but it was late when they assembled and then it was learned that W. L. Taylor was out of the city. Messrs. Dawson, Ogilvie and Grafton were present, and listened to the agent of the supply house for several hours.

Before the meeting began, however, Councilman Johnston appeared on the scene, and had a few words to say with reference to the board's reported intentions toward the Northside fire station. He said it had come to the knowledge of the residents of his section of the city that the board proposed to do nothing with the matter of equipping the station and putting it in shape to serve the people for the present.

Mr. Johnston told the board he was vitally interested in the new station and it had been the understanding when council agreed to increase the bond issue from \$59,000 to nearly \$93,000 that \$2,000 additional should be devoted to the furnishing and putting in operation of the new station. He did not know what the members on the board proposed to do, but he did know the wishes of his people on the Northside, and if the station was not put in shape as soon as the money had been provided his constituents would not be satisfied. He wanted and thought he had a right to ask for a positive declaration from the board one way or the other. If they proposed to use this money for some other purpose, as had been reported, he wanted to know it. If the board did not play fair in the matter the people of the Northside would be placed in a very bad shape. He did not desire to make any threats, but from what he knew of the situation, the bond issue would never go through if the new station was not given its share of the money derived from the issue of bonds.

Mr. Grafton informed Councilman Johnston that the regular meeting of the board would be held tonight, and the fire station question would be discussed at that time. He was invited to be present and the business was proceeded with.

The agent of the Columbus supply company was anxious to sell his books, and went into detail in an explanation of their merits. The members present were favorably impressed with the bank books and methods of keeping records, and realized that the adoption of the system would be of great value to the board. The books and blanks could be bought at a cost of \$75, and it was the general belief that it would be a good investment. Coupled with the supplies, however, was a set of rules to govern the department of public safety. These rules, the agent said, had been compiled by Judge Okey, of Columbus, and copyrighted by his firm. It was the copyright they charged for, and he made no secret of the fact. The rules consisted of that part of the code which applied directly to the board and its duties, and along with this was the instruction of the author as to what the several sections really meant.

As a matter of fact, the board could take the same matter from the code and abide by the decision of the city solicitor, whose duty it would be to interpret the law. The solicitor has made several trips to Columbus in order to post himself as to the opinion of other attorneys, and the members of the board are of the opinion that he had performed this work to the interest of the city. He could be called upon, in case the board should so decide, to interpret the code, and the code itself gave them the right to form their own rules. It had long ago been decided that these rules should be as simple as it was possible to make them, and there was not a member present who did not agree that the man's proposition, as far as the book of rules is concerned, was an expense that could easily be avoided. The price of the book of rules was

\$100 for 200 copies, and it was not thought advisable to close up at once. The agent was very anxious to wind up the transaction last night, but the board wisely decided to let the matter rest until the regular meeting to night.

MRS. TONY ROSS LEAVES THE CITY

THE PRETTY ABUSED WIFE DE-
PARTS WITH ANOTHER.

Worst Feature of the Case Is That
Two Children Are Left
Behind.

Tony Ross, the East End Italian shoemaker, who was fined \$5 and costs yesterday morning by the mayor upon pleading guilty to thrashing his pretty wife, is doubly sorry today that he adopted his fists for the punishment of his spouse. It was evidently more than she could bear and on the midnight train last night it is said that she, in company with an Italian who had been boarding at the Ross home, left for Cleveland.

Several stories are current as to the troubles in the Ross family. Some say that Tony whipped his wife because she had been making love to the man with whom she left and others say that Tony is to blame for everything.

A sad feature of the story is the fact that two little children are now without a mother and under the protection of one who faces the mayor quite frequently for drunkenness, proving him by no means capable of properly caring for the little ones.

SUIT IS BROUGHT BY CONTRACTOR

Claims He Was Not Paid for Extra
Work on a Wells-
ville House.

Lisbon, June 3.—(Special.)—The case of Fremont McClain against Martin Maas, of Wellsville, in which the plaintiff asks judgment for \$467, with interest, came on for trial this afternoon. The action grew out of a contract made Oct. 7, 1901, which provided that McClain was to build a house in Wellsville for Maas for \$1,200. McClain alleges that while the building was in course of erection the specifications were so modified as to entail a lot of extra expense, for which he has not been paid.

DELINQUENT TAX CASE

Settled By M. E. Golding on Payment
of \$2,600 And
Costs.

Lisbon, June 3.—(Special.)—The delinquent tax case of ex-County Treasurer Charles E. Smith against Moses E. Golding, of East Liverpool, was settled in court this morning before it reached the jury, the defendant agreeing to pay \$2,600 and the costs. The amount sued for was \$7,353.11.

Trust Company's New Offices.

The Merchants' building, at Sixth street and the Diamond, is being remodeled for the Union Building and Savings company and it will be occupied with the offices of this institution as soon as the changes are completed. This company was to have erected a handsome new business block on the lot recently purchased, in conjunction with Geo. H. Owen & Co., from the Naugle heirs, but the project has been deferred until next year.

RESOLUTION IS PASSED BY THE CITY COUNCIL FOR \$92,925 BOND ISSUE

Date Not Fixed and the Matter Not Likely to
Reach the Voters of the City
Until July.

It took council but a short time last evening to dispose of the business for which it had been called in special session. The matter of the bond issue decided upon at a recent meeting, was introduced and every member of the body was present but Bullock when the resolution to provide for the issue of bonds of the city in the sum of \$92,925 for the purpose of extending the time of payment of certain indebtedness which from its limits of taxation the city is unable to pay at maturity was voted on. On motion the rules were suspended and the resolution was placed on its third and final reading.

After the resolution was passed, other matters of minor importance were taken up and a member made a motion that council adjourn. The motion received a second and the body had adjourned and was on the verge of leaving the chamber, when Bullock, who came in at the close of the voting on the paramount issue, asked why a date had not been designed in the resolution for the holding of the bond election. It was his understanding that that was the objective reason for the adjourned session. The important factor had escaped the attention of the other members and President Horwell immediately called the body to order. The city auditor was asked why the date had not been placed in the resolution and he explained that he thought it simply an oversight. He was instructed to insert the proper paragraph, but he convinced council that it was not yet time for the action and the body once more adjourned. Auditor Davidson said that in his opinion it is the first step to pass a resolution declaring it necessary to issue bonds and then a resolution containing the form of election. In the latter he argued the time should be designated. Council took the auditor's version and if it be right the bond issue will not be placed before the people until July.

The several funds that have been overdrawn and that will appear separately on the election sheet, are as follows:

General fund	\$16,200 00
Street fund	29,500 00
Fire fund	8,300 00
Police	4,000 00
Light	600 00
Sanitary	6,100 00
Interest	1,600 00
No. 3 fire station	4,000 00
Franklin street	207 00
McKinnon ave	45 00
Pleasant street	159 00
Pennsylvania avenue	1,357 00
Park fund	522 00
Bank street	700 00
Lisbon street	635 00
Avondale street	1,000 00
Water works	18,000 00

By the provisions of the resolution the bonds are to be issued in the denomination of \$1,000. They are to be numbered from 1 to 93 and all shall bear interest at the rate of 4½ per cent, payable annually and shall be dated and run for a period not less than 10 years or more than 30 years.

WIFE BROUGHT SUIT FOR NON-SUPPORT

George Crawford Taken to Justice's
Court, Where the Suit Was
Compromised.

There were some lively doings in the court of Squire McCarron last evening, the first time in several moons. The failure of George Crawford, employed in a local pottery, to provide for his wife and their minor child, Walter, aged 2 years, was the foundation for the busy aspect of the justice's sanctum.

Mrs. May Crawford appeared at the office yesterday morning and appealed to the squire for justice. She said that she and George Crawford had been married for several years and that to them had been born one child. He had not supported the infant since last January, and as she is about to become a mother once more she thought it high time George was being placed on the carpet. The squire was not long in felling the helpless creature that if her story was true that his office was the place to receive redress and a warrant for the arrest of Crawford was soon in the hands of Constable Powell.

The husband was arrested and arraigned before the squire at an early hour last evening. He acknowledged that he had not supported the child and alleged that his wife had been untrue to him. The justice listened to the stories of both and finally advised them to make an amicable agreement. Crawford effected a settlement by promising to give his wife \$2 per week and paying the costs of the action.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name **Swamp-Root**, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Life Plant Cures Rheumatism.

Because it purifies the Blood. Rheumatism is caused by the presence of an excess of Uric acid in the Blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry off the Uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and renews the vital element in the blood and makes you strong and vigorous. Read what one Grater says:

Life Plant Company, Messrs:
For the benefit of those who have Rheumatism, I take the liberty to inform you of my remarkable cure by the use of Life Plant. Had Rheumatism for six years. Shoulders so affected as to prevent my lying on either side. Sciatic Rheumatism in my right leg, gave me many sleepless hours at night. Lumps came in the veins of my wrists and neck, very painful to the touch. Physicians and medicines failed to benefit me. At last I was induced to try Life Plant, three bottles cured me. No more lumps, no more soreness, no more pain. I am well and all right. Yours truly, George Grater.

OLD BRICK CHURCH AND ITS MEMORIES

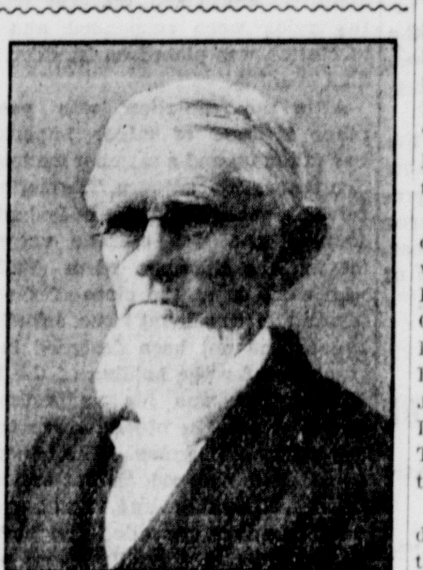

Stirring Events of the Civil War
Period in the Scotch
Settlement.

RECALLED BY REV. SWAN

The Venerable ex-Pastor Made a Memorial Day Address Replete With Interesting History — Excitement Over the Capture of Morgan.

Although four decades have elapsed since many of the scenes were enacted, there are many in the Scotch Settlement who still retain a vivid remembrance of the dark days of the civil war, days that tried the souls of strong men and brought anguish to the hearts of brave women. Among the number is Rev. J. N. Swan, now of Ohio avenue, East End, then a young man just entering upon a ministry that has been fruitful of good for nearly half a century, and who is now what can be called a grand old man, in the afternoon of life, yet still active and of great service to his Master.

Rev. Mr. Swan was pastor of the "Brick" church in the Scotch Settlement during the war. The church edifice is surrounded by many interesting occurrences. It is almost a century old and before many months this anniversary will be observed. Among the 42 graves in the little church yard are those of soldiers of the revolutionary war, the conflict of 1812 and the great civil strife of 1861 to 1865, and none of them are forgotten by the patriotic people of the settlement on Memorial day.

REV. J. N. SWAN.

There are yet living in the neighborhood many of the members of the "Brick" church, who were young men when Rev. Mr. Swan began his pastorate. He preached the funeral orations for their soldier dead and comforted them in the great griefs wrought by the ravages of war. The relation thus established was such as to endure throughout all the years that have come and gone and upon the occasion of observing Memorial day they were of one mind in calling upon him to officiate at the ceremonies.

Rev. Mr. Swan readily accepted the invitation and decided to make the service a retrospective of the people and the events of the neighborhood, rather than to deal with the subject in a general way. His memory had served him well and he could recall the names and personalities of the young men of his flock who shouldered their muskets in defense of the flag; those who fell in battle, those who died in the service, or wasted by disease and privation, succumbed to death after the dove of peace had fluttered over a reunited nation.

The people of the Scotch Settlement are intensely patriotic and they gathered in great numbers at their place of worship on last Memorial day to pay tribute to their honored dead, interested to a greater extent perhaps, because an honored and revered pastor was to tell of their brothers and fathers and the part they played in the crisis of a great nation. The little girls of the church, prettily dressed in white, marched among the graves and deposited at each a cluster of flowers and a diminutive American flag. Then the services within the church were taken up. The pastor, Rev. Mr. Oliver, made the opening address, welcoming the former pastor.

It was with a great deal of emotion that Rev. Mr. Swan commenced his address, recalling as it did so many dear memories and pathetic incidents. His hearers were as visibly affected and many eyes were tear dimmed as he pronounced the names and a eulogy for those who fell in the conflict. Four

from the little community met death in this way. Daniel McLean fell at the battle of Perryville, John F. McIntosh at Champion Hill, Morrison Towers at Atlanta and Alex Mills at Lookout Mountain in the battle above the clouds.

Rev. Mr. Swan then read the names of the following who died in the service: Philip McKenzie, Alex Holler, Frank Ford, George Baillie, John McCoy, Alex Noble, James McDonald, Duncan Dallas, George Gamble, Laughlin McIntosh, Allen Cameron, John F. McKenzie, John M. Davidson, Daniel McBane and Daniel Fraser. These names will never be forgotten in the community.

The names of the soldiers who have died since the close of the war were then read as follows: William Towers, John McBane, T. B. Kerr, Andrew McPherson, Andrew R. McPherson, Hugh McQueen, J. C. McLean, Alex McPherson, Angus McBane, William M. Smith, John Falconer, A. C. Falconer, Angus Falconer, Donald Noble, James Davidson, William F. McIntosh, William Fraser, D. T. McIntosh, Samuel Tilton, John Fraser, A. C. McIntosh and Joseph McIntosh, all names revered and cherished in the community.

Those who enlisted in the service and have been spared to this day are: John A. Noble, Evan McIntosh, T. B. Stevenson, John Rose, Alex Johnston, Alex McIntosh, L. F. McKenzie, A. C. McKenzie, Farquhar McIntosh, Philip Smith, Daniel M. McIntosh, Frank Wickie, William McBane, W. C. Fraser, John A. McIntosh, John Patterson, L. L. Smith, John M. Smith, Alex McPherson, Dr. Eben McPherson, Eben McPherson, A. S. McIntosh, T. P. McKenzie, W. R. Wilson, A. B. Cameron, J. C. McCreach, W. T. McIntosh, J. N. McLean and A. N. McPherson.

Many of the surviving veterans are members of the "Brick" church and were present at the exercises. They, like the minister, were filled with memories of the dark days through which they were guided by the merciful hand of Providence.

The address of Rev. Mr. Swan was replete with reminiscences full of interest to his hearers, particularly when he spoke of the only time during the war when this section was invaded by hostile troops—the raid of Colonel John Morgan and his men. In speaking of this occurrence Rev. Mr. Swan said:

"It was a Sabbath morning about 10 o'clock and we were assembled for Sunday school, when a courier from Wellsburg on a fast horse and at full speed shouted: 'To arms! Morgan is taking horses at Smith's Mill.' Such consternation I had never seen. Women and children cried and started home in terror, while young men seized their horses and started home for their guns. Mr. Falconer, an aged elder in the church, proposed a prayer meeting that God would take captive the invader and so we offered a prayer to that intent. In the afternoon at 3 o'clock four men came post haste to my gate at yonder parsonage with horses foaming and asked for a drink of water. I asked: 'What's the word?' 'Oh, we captured him,' was the reply. 'Here we have one of his carbines.' So, I immediately circulated word for a praise service at 6 o'clock and we did praise God with a loud voice."

George Billingsley, of Wellsburg, aged about 24 years, while engaged in carpenter work on a house at New Alexander, fell 25 feet and received severe internal injuries.

WITH THE WORKMEN IN THE CLAY PLANTS

N. B. OF O. P. DEMANDS.

President Duffy left the city last night for Crooksville to settle a dispute of minor importance that has arisen between the operatives and the firm. He will go to Derry from Crooksville to organize a local of the N. B. of O. P. and will not be home until some time Thursday. Other officials of the Brotherhood refused to discuss the situation today.

The changes sanctioned by the Brotherhood at the Wheeling convention, 19 in number, are given below:

That apprentice rules for the decorating department and the uniform list for decalcomania and filling-in be adopted; a wage of \$3.50 for pressers working by the day; regulating apprentice printers and printing for ware broken after it has left the printer's hands; making the price of packing crates 60 cents; \$1 a day for all warehouse girls and a nine-hour day; a nine-hour day for all employees working day wage; increasing the pressing list 15 per cent, except for slops, cover discs, casseroles, tureens and pickles; 10 per cent increase for jiggering plain edged, rolled edge, hotels and sponged bowls; fixing the number of apprentice jiggermen to one for every seven journeymen; providing remuneration for claymakers who report to pug clay when no clay is being made; reducing a day's work for biscuit kilnmen from 212 to 200 cubic feet, the establishment of the pressing list for casting; regulating the price for printing machines at 25 per cent less than the regular printing list, or \$3 per day, with two crews and \$3.50 with three crews and \$4 with four crews, the number of crews to a machine being not less than two nor more than four; an increase of 15 per cent for sticking-up all jugs and ball boy jugs; relieving saggermakers from putting up soaks of clay or paying half the expense for pugging same.

No scheme less than 2 1/2 cents per dozen in two colors; no dinner were less than 3 cents per dozen.

Apprentice Rule—First six months, 50 cents per day or piece work at 33 1/3 off; second six months, 60 cents per day or piece work at 25 off; third six months, 75 cents per day or piece work at 15 off; fourth six months, \$1 per day or piece work at 10 off; third year, \$1.25 per day or piece work at 5 off; fourth year and thereafter journeymen at \$1.50 per day or piece work; nine hours shall constitute a day's work.

Decalcomania—No scheme less than 4 cents per dozen; no dinner were less than 5 cents per dozen; no toilet were less than 10 cents per dozen for a 10-piece set, and 15 cents for a 12-piece set; the apprentice rule and day wage price shall be the same as filling-in; the limit of apprentices in filling-in and decalcomania shall be one apprentice to every five journeymen and two to every 11.

THE CONFERENCE.
The exclusive publication in yesterday's News Review of the demand

from the National Brotherhood for a conference with the manufacturers was the realization of an event momentarily expected by the people of the city, who are vitally interested in the outcome. The impression that was given out at the close of the potter's convention that demands sanctioned by the convention would not be an occasion for strife among the operatives and the manufacturers is still borne out in spite of the fact that several of the resolutions passed are made known for the first time. Several branches of the trade favored measures bettering the existing conditions and the convention, recognizing their justness, promptly adopted them.

It is unfortunate that any demands were necessary, owing to the dull period the manufacturers are experiencing, but this is a condition that will last but a short time. Not the least alarm is felt on either side over the deliberation of the conference committee, which will have passed upon the demands before the end of next month. The manufacturers, it is thought, will grant most of the demands without much controversy.

National President Duffy has no doubt decided upon who shall be the members of the conference committee for the organization, although their names have not been given to the public. He can be depended upon to select level-headed, conservative men, fully equipped to deal intelligently with the questions. The manufacturers will have plenty of time to consider the demands before the conference takes place.

TO BE RE-OPENED.
The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery Co., Canton, has interested a number of Pittsburgh capitalists, who have decided to re-open the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will be in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, Pa., Audley Calhoun, of McKeesport, and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fireproofing will be taken up. The management has already made arrangements for the sale of the entire output to Pittsburgh jobbers.

ing to a News Review reporter several well-posted operatives made the assertion that he ranked among the first three mechanical men in the west, and this is borne out by his excellent record. Mr. Robinson is a stockholder in the East Liverpool Potteries company and for the present will take life easy. His successor, "Doc" Ferguson, is also a stockholder, and has held several responsible positions.

A DULL DAY.

There was very little work yesterday among the local plants, most of the operatives taking a day of rest after the festivities of Monday's picnic, which was one of the most successful ever given by the organization. Several of the plants had to drop a kiln, owing to the two holidays coming together. Business with most of the local plants has been rather slow lately and very little improvement will be noted until after the midsummer loaf.

MANY WILL CAMP.

Camping parties will be numerous when the plants close down for the mid-summer loaf, about the last of the month. Several of the regularly organized clubs have already selected their camping spots and will spend the time in piscatorial sports. Many informal camping parties will be made up at the last minute and the vacation promises to be of great pleasure. Those who do not care for camping will visit relatives in their native cities.

AMONG THE WORKMEN.

The Taylor, Smith & Taylor plant in Chester has been idle since Friday, and it has been given out that the loaf will last for a week. No reason was assigned.

A broken shaft at the East Liverpool caused a loaf of half a day at the plant yesterday afternoon. The damage has been repaired and the men are working today as usual.

Secretary Ed Menge, of the N. B. of O. P., has gone to housekeeping in this city, his family and household goods reaching here Monday. Mr. Menge has secured a nice residence on Chester avenue and is already in love with life on the hill tops of East Liverpool.

Andrew Coleman, treasurer of the N. B. of O. P., was the happiest man in the Southside park Monday when his son won the 100-yard handicap race. Aaron is not a betting man, but he stated that he would have risked all his possessions on the result.

To meet deficiencies for Avondale street fund	1,000 00
To meet deficiencies for the Water Works fund	18,000 00

Amounting in all to

are hereby determined and declared to be existing, valid and binding obligations of said city.

Section 2. To provide means to extend the time of payment of said indebtedness which from its limits of taxation the city of East Liverpool, Ohio, is unable to pay at maturity, there shall be issued the bonds of the City of East Liverpool to an aggregate amount of Ninety-two Thousand Nine Hundred Twenty-five dollars (\$92,925 00) which said bonds shall be in the denomination of One Thousand Dollars (\$1,000 00) each (except that bond number one shall be \$925 00) and numbered consecutively from one to ninety-three, all made payable at the office of the City Treasurer in the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent (4 1/2 per cent) per annum, payable semi-annually at the same place, and said bonds shall be dated and shall run for a period of not less than ten or more than thirty years from their date.

Section 3. Said bonds shall express upon their face the purpose for which they were issued and that they were issued in pursuance of this resolution. They shall be prepared, issued and delivered under the direction of the finance committee of council and the City Auditor, and shall be signed by the Mayor of said city and by the City Auditor and sealed with the corporate seal of said city; the interest coupons attached to said bonds shall be executed by the City Auditor with his signature thereto, or he shall have his signature printed or lithographed thereon.

Section 4. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds not so taken shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of said bonds, except the premiums and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose; and the premiums and accrued interest received from such sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Section 5. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed June 2, 1903.

FAST HORSES AT COLUMBIAN PARK

Harrison Rinehart Has a String Which Includes Two Famous Racers.

One of the best strings of horses in the country is quartered at Columbian park, where the preliminary training for the racing season is now in progress. The horses are the property of Harrison Rinehart and among them are two whose names and pedigrees are known to the racing fraternity all over the country. They are Redmond, who beat Charley Smith's Tewksbury at Columbian park last fall, and Joan, a half sister to the famous Dan Patch, one of the fastest horses the world has ever known.

Both of these fine animals are under the care of competent trainers and are given daily exercise on the track. Both are in fine fettle and will be ready for entry in some of the fastest harness events in the country. Owing to unfavorable weather conditions and a poor track, neither of the horses has been let out to full speed and will not be until later in the season.

Columbian park is the center of attraction for a large number of people who delight in seeing fast horses in action, and they will watch with interest the training of the horses stationed there.

DECISION SOON ON POSTOFFICE PETITION

Department Now Considering the Matter And Favorable Action Is Expected.

Postmaster W. H. Surles was a visitor to the East End this morning and held a consultation with Postmaster Win Baird over the much-wanted new building for the sub-station. The petition signed by nearly every patron of the office was heartily endorsed by Mr. Surles when he forwarded it to the department at Washington and some action is expected within a few weeks.

As the months roll by the reports of Postmaster Baird show an increase in the business of his office and the present quarters are becoming more and more cramped. It is with great difficulty that the patrons can secure their mail. There is no fault to find with the postmaster, however, and it is up to the government to relieve the situation by providing larger quarters.

It is expected that the petition will result in a visit from an official of the department, and there is but little doubt but what his report will be favorable.

GRADING NEW LINE

Contractor McSpadden Has Large Force of Men at Work Along Little Beaver.

The people of the East End are watching with a great deal of interest the work of the men under Contractor McSpadden along Little Beaver creek. The force numbers more than 100 and the actual work of grading for the proposed electric line to Lisbon is going on. With the men are about 25 teams, furnished the contractor by John Rinehart, and excellent progress is being made.

It is the general belief that L. W. Healy, who is most prominent in the venture, will build several miles of the line during the summer. He may in time complete the line to Fredericktown and place it in operation.

MANY NOMINATIONS

Made Last Night for P. H. C. Offices And the Election Promises to Be Lively.

Nominations for officers for Eureka lodge, Protected Home Circle, were made at the meeting held last evening, and as a result several spirited but friendly contests will be witnessed when the nominees are voted for at the next regular meeting. Columbus Martin was the only nominee for president, a signal honor when the number of candidates for the other offices are taken into consideration. There are from four to six candidates for the other elective offices and all of them have a strong following. Besides the nominations a class of 10 candidates was initiated and the meeting lasted until a late hour.

SUFFERED 25 YEARS

With Catarrh of the Stomach—
Pe-ru-na Cured.

Congressman Botkin of Winfield, Kan.

In a recent letter to Dr. Hartman, Congressman Botkin says: "My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicine—Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure."—J. D. Botkin.

Mr. L. F. Verdery, a prominent real estate agent of Augusta, Ga., writes: "I have been a great sufferer from catarrh of the stomach. I tried many physicians, visited a good many springs, but I believe Peruna has done more for me than all of the above put together. I feel like a new person."—L. F. Verdery.

The most common form of summer catarrh is catarrh of the stomach. This is generally known as dyspepsia. Peruna cures these cases like magic.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

tribe was made to suffer. The boys found greater sport in angling than in playing base ball and the result was that they brought home a nice string. Duncan spent most of his time laying the ground work for a turn-up supper and was so successful that the event is to take place Saturday night in the rooms of the club in Oakland park.

Pension Day Tomorrow.

POET OF THE SOUTHLAND.

Clarence N. Ousley, Author of "Our Brothers in Black." Clarence N. Ousley, poet and editor, whose recent poem, "Our Brothers in Black," dealt with the negro question in the south and attracted widespread attention, has held a high place in the newspaper world of Texas for many years.

Mr. Ousley is a native of Georgia and for a poet and dreamer has had a hard, workaday life. In his youth he toiled on a farm, absorbing the democracy of the country folk, and all his sympathies have taken that direction. Something of this local environment

CLARENCE N. OUSLEY.

and coloring is reflected in his poems "Fishing in the Withlacoochee" and "The Farmer's Will."

Because of his delicate health Ousley was educated at the A. and M. college, Alabama, where the military features provided exercise. Here he received a classical training. He intended to be a lawyer, but changed his mind and struck out for Texas and taught school. Tiring of this, he began newspaper work as a reporter, finally becoming editor of the Farm and Ranch.

Two years later Mr. Ousley was made managing editor of the Galveston News. In 1893, striking out for himself, he purchased the Galveston Tribune, an evening paper, and under his management that paper became one of the most profitable and influential afternoon dailies in the state. After building up the Tribune Mr. Ousley accepted the managing editorship of the Houston Post, though still holding his proprietary interest in the Tribune. In the larger field covered by the Post Mr. Ousley has established an enviable reputation among newspaper workers and managers.

Although having few hours of leisure, Mr. Ousley has given to the world some charming verse. He is at his best, perhaps, in his songs of simpler things. Among his well known poems are "Adam and Eve," in which he gives a beautiful description of the garden of Eden. Another poem that is full of homely sentiment is "The Old Man." "The Little Branch Road," "Smoke in His Eyes" and "A Hundred Millions" are poems that denote the thinker and dreamer.

There are many moods in Ousley's verse. He is at times Homeric; at others he pitches his key to the tune with which Eugene Field won human hearts. But in every phase he portrays the beautiful, the good and the true. He is unmarried.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken, many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easily. Sold by Alvin H. Bulger.

Colonial Secretary Chamberlain proposes a departure for England, which, if adopted, would make a sweeping change in that country's fiscal policy. He wants parliament to allow him to tax food products of various sorts, and incidentally to fight German and American trusts. The scheme involves reciprocal trade with in the empire and duties on certain articles which are produced chiefly by the United States and Germany. A regular system of duties, it is proposed, are to be adopted by England, but favors are to be granted to the imports from England's colonies, in exchange for favors granted by them to imports from England.

The bond issue is a live issue. It is necessary that it be passed for the protection of the city's interests and to put the city's affairs on a business basis. Of course it will be opposed by the timid, yet even they can suggest no better way out of existing difficulties. The city must get out of the hole into which it has fallen, and the bonds afford the only method of doing so. A lesson in economy and caution has been taught and should be remembered when the present embarrassment is relieved.

President Schwab, of the United States Steel corporation reports that that gigantic concern has enough work ahead to keep its mills running steadily at full capacity throughout the

year. Such a condition in the iron trade is an assurance of the continuance and stability of industrial prosperity.

Changes of venue are asked so often in Kentucky as to suggest the propriety of putting court houses on wheels. The trouble would be that they would seldom be called for in localities where they are most needed.

OBITUARY

Miss Nora Mort.

Miss Nora Mort, 21 years of age, of this city, died at the Passavant hospital, Pittsburgh, yesterday morning, following an operation for relief of a distressing case of dropsy and stomach trouble. The remains were brought home last evening and the funeral will be held from the home of the parents tomorrow at 2 p. m. Rev. J. G. Reinartz officiating. She was the daughter of Mr. and Mrs. George W. Mort and a devoted member of the Lutheran church. She is survived by her parents, five brothers and four sisters, Mrs. Dr. K. C. Willis, of this city; Blanche, Maggie and Clara, at home; George Mort, Jr., of New Waterford, Cemet, William, Earl and Bryan, East Liverpool.

Mrs. Caroline Ogden Bennett.

Mrs. Caroline Ogden Bennett, daughter of the late Benjamin Ogden, of this city, and a sister of Dr. C. B. Ogden, died suddenly Saturday, at her home near Scotland, Ind. She had just finished eating breakfast when she fell over dead. She was in her 59th year and has been a widow many years. One son, Charles, and five brothers and two sisters survive her. She was highly esteemed at her home and had a large number of friends here.

He Forgave the Bishop.

A certain bishop, an ardent advocate of teetotalism, found one of his flock, to whom he had preached for years, leaning in helpless drunkenness against a wall.

"Wilkins!" cried the bishop, indignantly. "Oh, Wilkins! You in this state! I am sorry; I am sorry; I am sorry!"

As the bishop was passing by on the other side Wilkins pulled himself together and hiccupped after him:

"Bishop, bishop!"

The bishop hastened back in the hope of hearing a resolution of repentance.

"Bishop, if you are really sorry I forgive you!"

A Bird Much Like a Fish.

The "birds of a feather" that "flock together" do not belong to the penguin family, as they are entirely destitute of feathers, having for a covering a kind of stiff down. Another penguin peculiarity is that it swims not on, but under water, never keeping more than its head out and when fishing coming to the surface at such brief and rare intervals that an ordinary observer would almost certainly mistake it for a fish.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says N. H. Howard, of Housand, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter:

"I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

AMENACED BY CONSUMPTIVES

Positive Danger in EXPERIMENTING with Prof. Hoff's Prescription Unless the Genuine is Procured.

There are people in this world heartless enough to prey upon the credulity of men sick unto death who are ready to grasp at straws. They put before the public with alluring statements what are alleged to be cures for consumption. Much valuable time is wasted by patients in experimenting with them. So far as the world of science has been able to ascertain, there is but one cure for consumption, and that is by means of the prescription by Professor Hoff.

The unprecedented success of the genuine Hoff Treatment has excited the avarice and greed of certain unscrupulous parties and led to substitution and imitations purposely intended to mislead the purchaser. While the most flattering tribute which can be made to the sterling worth of the Hoff remedy is imitation, it is unfortunate for the unsuspecting public that these substitutions are imitations in name only of the authorized Hoff Cure. It therefore becomes necessary for us to warn all persons NOT TO ACCEPT ANY "HOFF CURE" UNLESS THE BOTTLE IS STAMPED WITH THE REGISTERED TRADE MARK OF PROFESSOR HOFF AS REPRODUCED BELOW.

As showing that it is positively dangerous to take imitations of the Genuine Hoff Cure, these letters are eloquent:—

Bendiner & Schlesinger, New York:

Dear Sirs:—I have sent to you for analysis a bottle of medicine claiming to be the Hoff Consumption Cure. Whatever is in the medicine came very nearly killing the lady that was taking it, and as she got and was taking it on my recommendation, I had to take this cure. If you will tell me what the contents and why it should effect her in such a manner, you will confer a favor, for I do not want to be THE CAUSE OF ANY ONE'S LOSING A LIFE. My son is gaining slowly. The Hoff's has done its work for his lungs. Do you think the medicine company (that put up the spurious article) can be sued for fraud? Don't think I am trying to impose on your kindness. It is for the sake of suffering humanity. I write to you as if you were my son's physician, for if it had not been for what was published in the Examiner my son would have been taken from me. MRS. H. F. CROWELL, 6 Hendrietta Square, San Francisco.

NOTE—The bottle forwarded by Mrs. Crowell was thoroughly analyzed in our laboratory. It was put up and sold to an unsuspecting woman as the genuine Hoff Consumption Cure. One of the most important ingredients called for by Professor Hoff's prescription was missing, and a dangerous substitute had been added. The result of this substitution is told in the above letter. This case emphasizes what we have said before—that it is dangerous to buy the prescription unless it bears the triangular trade mark of the American Bureau. Mrs. Crowell had procured the Hoff Cure from us by mail which benefited her son.

Here is another result of getting the wrong medicine:—

Bendiner & Schlesinger, New York:

Gentlemen:—Enclosed find \$100 for which please send me a bottle of Professor Hoff's Consumption Cure. A druggist in our city claimed that he could compound the prescription, and I allowed him to do so. Before I had taken it a week I became fearfully ill, and thought my end had come. I have derived great benefit from the two bottles I procured from you. Please send with as little delay as possible. BRANTLEY P. SEYMOUR, 211 East Thirty-second street, Savannah, Ga.

Look for the trade mark! Insist on getting the RIGHT MEDICINE. Read this letter from a man who used the GENUINE HOFF CURE:

Bendiner & Schlesinger, New York:

Gentlemen:—I write to let you know that your remedy is curing me of bronchial asthma of nine years standing. Since taking the Professor Hoff Cure for Consumption, I can say I feel like a new man. My appetite is just grand; sleep good and feel refreshed in the morning. Asthma has entirely disappeared. I can now taste and smell and breathe easily. Tightness across the chest and phlegm gone. Feel one hundred per cent better. If you can compare health with wealth, your Hoff Cure is worth its weight in diamonds. I gave up all hope until I got hold of your medicine, but now I have patience and look forward to a permanent cure. I have new hope, new courage. I feel my strength returning and all my symptoms gone. This is not a cure of a few days, but a cure that I do not know what is. You can publish this and my name if you please, as I am not a doctor, but a patient. I am enclosing a stamp for postage. JAMES MADDEN, 1200 Third Place, Ohio.

I Would Be Gone a Good While.

Here is a pathetic letter from a man who looked over the clouds into the deep abysses whose depths the eyes of mortals cannot measure. He is still oppressed by the memory of the awful situation in which he found himself, but his heart is filled with thanks.

Messrs. Bendiner & Schlesinger:—Dear Sirs:—Enclosed find \$5.00, for which please send me six bottles of Professor Hoff's Cure for Consumption, as I will continue to take it for a long while. I am pretty well now and have started to work once in a while, and that is something nobody around here thought I would be able to do any more. My lungs are getting real good again, and if I continue to take this remedy for about six months or a year, I am sure there is hope of being completely cured, although I do not expect it to be done at once, as it will take time for a case like mine. If it does cure me it will be recommended right here in this town. It is already, as the people know how far down I was, and now I am working again. I am asked daily what is bringing me about again and I have given out the booklet.

I am very thankful that I found out about the cure, or I would be gone this good while. ROBERT A. MILLER, 416 Hamilton Street, Harrisburg, Pa.

Said He Would Die.

It takes but a short space of time for the good effects of the Hoff medicine to become apparent, as this statement shows. Messrs. Bendiner & Schlesinger:—Gentlemen:—Enclosed find money order for \$10.00 for six bottles of Professor Hoff's Cure for Consumption. I am sure the Hoff medicine is as good as possible.

I was bedfast and the physician informed my relatives that I would die in a few weeks. I am now finishing the second bottle of the Hoff remedy, and able to walk. Appetite splendid and have gained in flesh. My cough grows lighter each week and I expectorate less. The medicine has worked wonders here, and I feel good.

EDMUND BRISSELL, 32 South Yellow Spring St., Springfield, O.

Passing It On.

Even in places which have become famous as resorts for the cure of consumption the fame of the medicine is rapidly increasing, inasmuch as they have failed to do so in such places after the climate has failed to do so.

Messrs. Bendiner & Schlesinger:—Gentlemen:—I enclose New York draft for one dollar for one bottle of Professor Hoff's Consumption Cure. I wish to try the medicine on the recommendation of a gentleman who claims to have been cured of an absolutely hopeless case (according

to the statements of his physician) by use of the Hoff remedy.

Yours very truly,

L. O. MUIR, Tucson, Ariz.

Had a Chance to Know.

Ministers' wives secure an intimate knowledge of the trials and tragedies of life in their work as their husbands' help-meets, and their opinions as to the merits of things are usually well founded.

Messrs. Bendiner & Schlesinger:—Dear Sirs:—I am in a position, I believe, to speak positively of the wonderful merit of Professor Hoff's Cure for Consumption, handed by you from seeing its curative powers in behalf of a young lady, a member of my husband's church, who was given up by the doctors, and given only a few days to live.

Were I not very optimistic regarding the merits of the remedy I would not write you. Mrs. REV. M. E. SHILL, Watford, Ont.

Good Cause to Feel Blue.

Women have been almost as interested in this valuable cooperation as men. The bottles of Professor Hoff's Cure for Consumption.

I am not using all this medicine myself. Indeed I only take the Cure occasionally. I have been "passing it along" to those who need it. It is a wonderful cure.

A week ago Saturday my attention was called to a young man passing the house. He was looking thin, hollowed out, coughed. He was losing flesh, hollowed out, coughed. He was looking thin, hollowed out, coughed. He was losing flesh, hollowed out, coughed.

His friends and himself were alarmed. I told him of what the medicine had done for me and gave him a copy of my bottle. Last Saturday he stopped to have me order a bottle for him. "It's all right," only cough two or three times a day. I feel stronger; look at my eyes," he said.

He did look better. He and his friends had now written all over their faces. I have two other patients who have taken a new lease of life.

ALICE REIDEN, Ottawa, Ill.

LIFE INSURANCE FOR CURED CONSUMPTIVES

Crucial Test of the Famous Hamann Case—New York Life Insurance Company Practically Indorses the Hoff Cure.

Frederick Hamann's life has been insured.

One of the most careful and conservative insurance companies in the world has just issued the policy.

Less than two years ago, condemned to die with consumption and sent to Vienna, CAN. I did not know of the Hoff Cure, but I was treated by Professor Hoff, this young man is now declared to be a first-class insurance "risk."

The New York Life Insurance Company, an organization of the greatest magnitude, with a business to examine men with reference to their prospects of long life, has made thorough and searching examination of Frederick Hamann and declares that he is physically sound.

"This is a crucial test. Persons with lungs which are even weak are refused day after day by the New York Life Insurance Company and the other great life insurance organizations."

Hundreds of men who have never had consumption are today unable to secure such policies as the one just issued to Hamann, inasmuch as they are not "PREDISPOSITION TO CONSUMPTION."

The highest form of insurance policy known was issued to Hamann. It is not only a guarantee of his health, but an insuring of it. It is what is known as a "twenty percent policy."

AND IT IS IRREVOCABLE. That fact is set forth in large type in the policy itself. The New York Life Insurance Company.

pay has set itself on record as willing to keep Hamann's insurance in effect so long as the premiums are paid. It has voluntarily bound itself not to contest the policy.

No sort of examination from a trans-scientific standpoint, no statement from physical and analytical chemists could have the weight with the lay mind that this simple insurance policy has in emphasizing the fact that consumption is curable and that the Professor Hoff treatment is curing it.

IT AMOUNTS TO A PUBLIC INDORSEMENT BY THE NEW YORK LIFE INSURANCE COMPANY THE LARGEST INSURANCE ORGANIZATION ON EARTH OF THE GENUINE EFFICACY OF THE PROFESSOR HOFF CURE FOR CONSUMPTION.

WHERE IT ANNUALLY TURNS DOWN THOUSANDS AND THOUSANDS OF APPLICANTS FOR INSURANCE BECAUSE THEIR LUNGS ARE WEAK, AND THEY ARE LIABLE TO DEVELOP CONSUMPTION, THE COMPANY PROMPTLY AND WITHOUT QUESTION ISSUES ONE OF ITS VERY BEST POLICIES TO THE ONE INDIVIDUAL SELECTED FROM ALL THE APPLICANTS AS NEW YORK'S "THE BEST TEST CASE TO SEND TO THE PROFESSOR HOFF."

The insurance of the policy is more than a certificate that he is positively cured. It is the best certificate obtainable that he has the prospect of a long life before him.

IF THERE HAD BEEN THE SLIGHTEST TRACE OF THE CONSUMPTION GERMS REMAINING OR IF THE RAVAGES OF THE DISEASE HAD LEFT ANY SYSTEM IN SUCH A DEPLETED CONDITION THAT A RETURN OF THE DISEASE COULD BE FEARED, THE POLICY WOULD NOT HAVE BEEN ISSUED.

On his return to America Hamann, by his own choice became connected with the American Bureau of the Professor Hoff Cure for Consumption, established at that time. His cure was first a marvel to American physicians and scientists, and then was hailed as the light by which all sufferers of the dread disease might see their course to a certain delivery.

Hamann tries, as a self-imposed task, to answer every letter that is sent to him. He has gone through the dreariest experience of his life to aid in saving the lives of others.

Hundreds of Similar Cases.

It must not be inferred that Hamann's case is the only one of the kind. There have been hundreds of patients in America cured at their homes by the Professor Hoff Cure for Consumption, through the agency of the American Bureau, established for the dissemination of the medicine upon Hamann's return to this country.

Robert Anton, of Mt. Vernon, Ohio, tried in vain to get life insurance. He tried Prof. Hoff's Cure for Consumption, and a year later was accepted by the great Metropolitan Life Insurance Co., after a rigid examination by the very physician who treated him without success.

Mr. A. did not know of the Hoff Cure, but he was cured by the Hoff Cure, and he is now able to get it at once, without waiting to send.

Every person here, without exception who is using the medicine is being benefited by it, and is in a great deal of relief. He tried it, came to me in less than a week and said that they noticed a relief from the disease of the Hoff Cure. A man here who is taking it has suffered for twenty years from catarrh and asthma every summer, but since taking Professor Hoff's remedy he has not suffered this summer, and is able to work, which he

never did a summer before.

Another here has been given up by the doctors and has been using whiskey. He began the remedy and was improving very slowly. Now he is able to walk, and before he was unable to go out of the house. He was almost dead. He told me last Saturday that it was the greatest medicine he had ever seen.

I WAS EXAMINED FOR INSURANCE AND PASSED ALL RIGHT IN THE METROPOLITAN by the doctor who had given me medicine a year before without any relief, and I told him it was all due to Professor Hoff's remedy, as I am now perfectly free from Catarrh and all throat and lung troubles.

I feel it is my duty to recommend this medicine every time I can, for if I had not it in time I could have saved about \$100 for doctors. ROBERT ANTON, 5 So. Catherine St., Mount Vernon, Ohio.

PERILOUS SEASON IS NOW AT HAND

Consumption Often Exists Without Betraying Its Presence.

The season of treacherous changes, of coughs and colds and catarrh and consumption, is just now sending out its advance storms, its thaws and floods, scattering the germs with the utmost impetuosity wherever a human system is in a receptive mood.

DELAY presents the real danger from consumption since Professor Hoff pointed out the perilous discovery and dedicated it to the interests of science. It is the early case that responds immediately to the treatment—that stage of the disease where those sufferers who can afford it hasten far removed from home, leave pitiful and useless are these pilgrimages in search of a cure which forever eludes its pursues.

First there is a feeling of weariness

and sensitiveness to cold and exterior, which are the forerunners of the first stages of consumption. After this stage Prof. Hoff's Cure gives immediate results.

FOR ASTHMA and CATARRH Chronic bronchitis, asthma and the various forms of catarrh require but a few weeks' treatment.

It has been demonstrated that with the chronic cough or the chronic cold which does not give way to ordinary treatment there is more than the usual chance that there are germs present. It is not necessary even to look for the cough. Frequently a continued running nose is a symptom which should not be unnoticed. A cough might be regarded as only one of the most prominent symptoms but not necessarily present. Loss of appetite may indicate the presence of consumption in its unsuspected form. A feeling of weariness after the slightest exercise is present in a majority of cases of latent consumption. Persistent or even slight rise in temperature without apparent cause is another symptom, often attributed to something else.

But one way exists to cope with latent consumption. That is, if there is the slightest ground to suspect the presence of the disease to begin at once with Hoff's prescription, which cures catarrh, asthma, and which works a cure in every case where the diagnosis is doubtful.

WEAK, IRREGULAR, PAINFUL HEARTS

Sometimes the heart grows irregular—is the seat of pain and pressure. People are apt to think it due to some organic or structural disease of that organ, when the cause is comparatively simple—a weakly wholly due to the nervous system, perhaps aggravated by a nervous dyspepsia. But the nervous system right—give it strength and tone—supply through its medium the heart with power and the stomach with digestive juices and the trouble fades like snow in summer sun. It is for this wonderful power Dr. A. W. Chase's Nerve Pills are world famous.

Mrs. C. L. Yeager, of No. 152 Broadway, East Liverpool, Ohio, says: "Dr. A. W. Chase's Medicines are all good. Past experience with them led me to get the Nerve Pills, which I got at Larkins' drug store, as I was nervous, run down, felt miserable and the heart action was weak and irregular. The medicine made me strong and my nerves steady, the heart action regular and strong and altogether a different person, as I feel well and hearty again."

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Picnic Money—The Brotherhood picnic is expected to net the organization about \$500.

Pension Day—Tomorrow is pension day and Justices Daniel McLane and J. N. Rose are expecting many busy hours.

Many Teachers Examined—Over 50 candidates for positions in the East Liverpool schools took the teachers' examination at the high school rooms yesterday.

The Coopers' Scale—Four employing coopers have signed the new scale of the journeymen which calls for an increase of 1 cent in the making of casks in the hand work shops and an increase of 2 cents per cask in the machine work shops. The signers thus far are all hand work shops.

Invited to Centennial—The Sons of Veterans, at their regular meeting last evening, mustered in two recruits. An invitation from the Lisbon centennial committee, inviting them to be present at the county seat June 17 and 18, with the G. A. R., was considered, but no action taken. Division Commander Rose and staff will probably attend, and the camp also.

Garbage Barrel on Fire—The fire department was summoned to the residence of John Shingler, on College street, this morning, where the contents of a garbage barrel were found to be on fire under a high porch at the front of the house. The dense smoke frightened the family and some of the inmates of the house had already begun to remove the furniture. The firemen soon extinguished the flames, the damage being slight. It is supposed the fire was started by rats.

WILLIAM DEVON HURT

Painfully Injured by Being Caught Beneath Falling Sagger.

William Devon, kiln fireman at the D. E. McNicol pottery, was painfully injured yesterday, by being caught beneath a falling bung of sagger. One of the sagger struck him on the left hip, inflicting an injury that may prove serious. He was taken to his home on Thompson avenue, where he has been suffering greatly. The injury has rendered his left leg temporarily useless.

ANNUAL PICNIC OF STREET CAR MEN

Arrangements Promise a Great Outing on the 12th Instant.

The general committee of arrangements for the annual picnic of Division No. 52, of street railway men, met at city hall last night, and the finishing touches were put to the arrangements for the outing, which takes place on the 10th.

Those present were: Charles Kontner, James Mays, J. Morgan, William Watson, Samuel Kerr. A number of sub-committees were appointed and they will be given instructions as to their duties at once. Those who will have charge of the several departments of the work are: Gate committee, J. Morgan, James Mays, George ("Rubber") Hale; ticket office, Samuel Kerr, O. Jackson; dancing pavilion, William Watson and Harvey Allison.

The general committee has issued invitations to every local union in East Liverpool and also to the street railway men from Steubenville, New Castle, Wheeling, Beaver Valley, Pittsburg, Sharon and several other cities. The attendance from out of town promises to be very large and elaborate preparation is being made for the entertainment of the visitors.

One of the matters discussed at the meeting last night was that with reference to the base ball game to be played on the day of the picnic. A number of the members of the committee thought it advisable to send out of town for players, as they had been informed the press club, which will oppose them on picnic day, would be a hard aggregation to down. The members of the committee figured that it would be humiliating for the street railway men to be beaten, since the people would be looking to them for their amusement and entertainment. Should they be defeated, which seems almost a certainty, it may spoil the enjoyment of the day for many.

THE BURIAL LOTS ARE FOR THE C. A. R.

General Lyon Post Does Not Propose to Grant Them to Spanish War Veterans.

Members of General Lyon post No. 44, G. A. R., having been approached lately with a request that they allow veterans of the Spanish-American war burial ground in the lots given them years ago by the Riverview Cemetery association, and not being in favor of granting such requests held a meeting last evening and adopted the following resolution:

"Resolved, That the grounds as signed by Riverview Cemetery association to General Lyon post No. 44, G. A. R., for burial purposes shall be held sacred as a last resting place of honorably discharged ex-soldiers and sailors of the war for the preservation of the union from 1861 to 1865, who may not have a lot on which to be buried."

Discouraging.

"My dear sir," wrote the editor to the persistent young author, "in order to simplify matters somewhat we are enclosing a bunch of our declined with thanks' notices. If you will put one of these in an envelope with your manuscript and mail it to yourself, it will make it easier for all of us, and you will be saving something in postage as well."—Chicago Post.

Goldfish.

There are some goldfish in Washington which belonged to the same family for the last fifty years, and they seem no bigger and no less vivacious today than they did when they first came into the owner's possession. A few of the fish in the Royal aquarium in St. Petersburg are known to be 150 years old.

Depressing.

"Were there laughter and cheers during your speech?" "Well," answered the youthful statesman, "there weren't many cheers, but now and then people in the audience looked at one another and laughed."—Washington Star.

A Case of Necessity.

ROUTINE MATTERS BEFORE COUNCIL

Property Owner Wants a Change in Curb Line—Vehicle Ordinance Authorized.

Clerk Gipper, of the board of public service, submitted a communication to council at its meeting last evening requesting the body to grant Benjamin Scharr the privilege of moving back the curb in front of his property on Third street, which is opposite the Thompson house, two feet. Mr. Scharr contends that, owing to the placing of a double track in the street, there is not sufficient room in front of his property for vehicle traffic. The request was carefully considered and finally disposed of by authorizing the street committee, the board of public service and the city engineer to take whatever action they think best.

In arguing the question one member stated that he thought it would be more prudent to remove the curb entirely and place in its place a curved gutter. He thought that would prevent any damage suits and that the street would not be obnoxious to travel.

Mr. Scharr will be granted the privilege only after signing a waiver of claims for damage from storm water and bearing all expense of making the change.

Mr. Johnston spoke at length concerning some changes he thought to be necessary in the ordinance covering the acceptance of maps and plats and it was decided to instruct the solicitor and engineer to draw up another ordinance containing the provisions as recommended by Mr. Johnston.

Mr. Cannon thought an ordinance providing for vehicles should be compiled and placed into effect. He said that there is not a city in the state that does not have an ordinance of the kind and could not see why East Liverpool should not have one. A committee was finally appointed to draw one. The members of the committee are Bullock, Moon and Croxall. They were instructed to make the ordinance strong enough to withstand all tests. It will be remembered that council passed a vehicle ordinance a year or so ago and it was thrown out owing to its unconstitutionality.

The Embroidery Circle, composed of a number of the industrious needle workers of St. Stephen's Episcopal church, held a social and business meeting in the parish house of the church last evening.

Crafty M. Blanc.
Blanc, the founder of the Monte Carlo gambling resort, was well aware of the desperate character of many of his customers. Knowing that they included the scum and riffraff of the world, he took precautions against them. He never carried any money, which fact he announced so frequently and publicly that it was known everywhere along the Riviera that the millionaire Blanc never had a penny on his person. But he carried in a pocketbook a draft on red paper for several hundred thousand francs, payable to the indorsee. He feared kidnapping as much as robbery, and in case of abduction he intended to ransom himself with this draft. But the instructions at his office were not to cash a red draft with his signature unless a telegram was received from him ordering it to be done.

Won Out.

A Terrible Weapon.
The weapon common to every part of Hindustan, so as to deserve the name of the national arm, is the "kat." This is a broad, two edged dagger, the hilt of which is formed something like an H, the hand grasping the crossbar, which is generally double, while the side bars extend on each side of the wrist.

Some katars are made with five blades, which unite into one, but by squeezing together the crossbars diverge like the fingers of a hand when the thrust has been given. Other katars are made in sets of two or even three, of diminishing sizes, the blades of the larger being hollow and forming sheaths for the smaller. Some of the southern Indian katars, known as "death givers," are immense weapons, nearly two feet long in the blade, and the hilts are a mass of fantastic scroll-work and mythological monsters, the cobra with expanded hood figuring largely. There is also the "blehwa," or scorpion's sting, a doubly curved dagger; the "khanjar," a larger form of the same, and the "peshkabaz," or hunting knife. But none of these elaborate weapons has about it the terribly "businesslike" look of the Khyber knife (ch'hura), with its ponderous single edged, tapering blade and plain ivory hilt.—Chambers' Journal.

Getting Into a Life Buoy.
The average person in danger of drowning usually attempts to lift a life buoy over his head, with the result that he is immediately plunged deeper into the water. A good swimmer can do this with a sudden upward jerk, but with the non-swimmer it is almost an impossible feat.

What he should do when he has seized the buoy is to place both hands, palms downward, on the buoy on the part nearest the body, pressing it downward and slightly away, when the farther part of the buoy will rise out of the water and actually fall over the head. The arms can then be put through easily, "and there you are."

TWO CENTS.

WHO SHALL GET SECOND PLACE UPON THE REPUBLICAN TICKET A QUESTION YET UNSETTLED

The Judgeship Is Also in Doubt—Platform Ready
and Convention Opens at
4 p. m. Today.

From a Staff Correspondent.

Columbus, June 3.—Promptly at 4 o'clock this afternoon the big Republican state convention will open in the Goodale street auditorium, this city, the place where so many political conventions have been held. The gavel will be in the hands of Senator M. A. Hanna, the temporary chairman. He will sound the keynote, after which a permanent organization will be formed. Senator J. B. Foraker will be made permanent chairman.

The real business will not begin until tomorrow morning at 10 o'clock when the nominations will be made. It is not thought the convention will last long after the delegates get down to business—possibly not longer than three or four hours. It may not continue this long, as there will be no contests for most of the places. It has not been settled yet who is to be named for lieutenant governor. Geo. B. Cox, of Cincinnati, and Senator Hanna, who came last night, will determine this selection. Cox favors Harding.

The suggestion that the lieutenant governorship should go to an old soldier commends itself to many, and if it prevails the honor will likely go to General M. M. Boothman, of Bryan, who has represented Williams county in congress and who is well equipped for the position. Harding has made no fight for the nomination, although he may begin one today. He is here. He is a splendid campaigner and will be a difficult man to beat if he takes on his coat to win.

Hon. W. S. McKinnon, of Ashtabula, candidate for state treasurer, was one

of the first to reach the city, arriving Monday. He has headquarters in room 21 in the Neil, which is, as it has been for decades, the abiding place of the politicians during convention times. His opponent, Nelson A. Sims, of Franklin, has room 40 in this hotel.

The judgeship is yet in doubt. Sheets is leading by a close margin, but no one can tell yet who will win. Summers, it is stated, has the support of Cox, but not that of Senator Hanna. Birkett, who is asking for a third term, is still third man. His candidacy suffers because of the third term candidacies of Auditor of State Guilbert and School Commissioner Bonebrake. General Dick has arrived, guarding with utmost care the first draft of the platform which will be adopted in practically its present shape. It may be calling to Congress man Gill, of Steubenville, to know that Senator Hanna entrusted to Dick the preparation of the original draft of the platform.

Dick's headquarters will be the Mecca of Republicans today and tomorrow. He is easily the most popular party leader outside of Hanna among the rank and file. Contesting delegates will be present from Monroe and Gallia counties. The convention will decide which delegations shall be seated.

The caucus meetings of the county and district delegations will be held early this afternoon. East district will select a vice president and members to serve on these committees: Rules and order, credentials, resolutions, organization and central committee.

Clutter will likely be picked up today on a charge of vagrancy. If he is he may go to the workhouse. He owes the fine that was imposed upon him last week for drunkenness.

CHAS. CLUTTER AGAIN IN TROUBLE

Friend Had Him Arrested On the
Charge of Stealing \$25
in Cash.

WOES OF A WEEK'S JAG

A week's jag has resulted disastrously to Harry Clutter. During the first day of his spree he had a fight with his wife at their home in Wellsville. The next day he was minus a spouse. One day later he was nabbed by Officer Mahoney and placed in the city jail, and the crisis came last evening when he was arrested by Officer Saulsberry on suspicion of stealing a revolver and \$25 from a friend.

Charles F. Petty, of Wellsville, was instrumental in having Clutter arrested. Petty came to this city early yesterday morning with three sand flats, which he wanted to sell. He succeeded in disposing of one for about \$40 and then started out to jolly. Before being out a long time Clutter found him and stuck to him like a leech throughout the day. They visited all of the saloons along Snook Row and Petty spent his money freely. Along about twilight he began to feel the effects of too much drink and started down to one of his boats to take a sleep.

Clutter accompanied him and Petty says that while he was sleeping, Clutter robbed him. He did not miss the money until he had partially recovered from the jag and was in a Broadway saloon. The bartender advised Petty to have Clutter arrested and he went forthwith in search of an officer.

Clutter stoutly denied the stealing when taken into the presence of Mayor Weaver and Chief Wyman and was finally released, owing to Petty failing to file an affidavit charging him with the crime. Both men stood in the mayor's office and wrangled over the affair for more than an hour and at one time were on the verge of coming to blows. The mayor decided that Petty was too much under the influence of whisky to warrant the acceptance of his statement and would not take the case. After Clutter was released he went to the saloon of

ALLEGED FRAUD IN CONVEYANCE

LEADS TO SUIT INVOLVING LARGE
PROPERTY.

The Realty in Question Situated Near
Fredericktown And Sold at
Sheriff's Sale.

Lisbon, June 3.—(Special.)—Seskind Katz and Solomon Blondheim, as executors of the estate of Daniel Katz, deceased, of Baltimore, Md., have brought suit in the courts of this county against George L. Seldner et al, as executors of the estate of Eva Seldner, deceased, of Baltimore. The case involves a considerable sum of money or its equivalent in realty in and about Fredericktown, this county.

The plaintiff alleges a conveyance of this land at sheriff's sale in satisfaction of a judgment for \$23,209 against the estate of Mrs. Seldner to have been fraudulent.

RESIGNATION WAS TENDERED

Secretary M. C. Wright Urged to Re-
consider and Remain With
Y. M. C. A.

At the meeting of the directors of the Y. M. C. A., last evening, Secretary M. C. Wright tendered his resignation. The board, after considering the matter thoroughly, voted unanimously not to accept it and to urge him to reconsider. It was their opinion that his departure would be a great loss and that no successor who could be obtained could better continue the work he has begun, and it was sincerely hoped and generally believed that he will be induced to remain.

Physical Director P. J. Stephens, who has been the recipient of numerous flattering offers lately, will probably leave East Liverpool. He asked that his salary be increased to \$75 a month. The directors, while fully appreciating his worth as an instructor, did not feel that the association could stand the increased expense. His pay for last year was increased by \$20, making it \$600.

The board decided to organize a physical culture class for the members of the ladies' auxiliary. The class will be in charge of Miss Metcalf and will meet on Wednesday afternoons between the hours of 12:30 and 6:30. During these hours the gymnasium and association building will be reserved for the exclusive use of the ladies. The class will continue for ten weeks.

TWO FEMALES ARRESTED

One Charged With Drunkenness And
the Other With
Vagrancy.

Two girls of the shanty boat districts were arrested last evening by Officers Dunn and Mahoney. They are known as "The Snake Charmer" and Lizzie Smith. A charge of drunkenness was placed against the former and one of vagrancy against the latter. When they were arraigned this morning they had long tales of woe, but their stories were ineffective.

The mayor did not impose a sentence, but states that he will likely let them spend a month or so handling the brush at the Canton workhouse.

PUBLIC SAFETY AND CODE RULES

Priced Books Offered by

NORTHSIDE HEARD FROM

People of That District Want a Portion
of the Bond Money Expended Upon
the New Fire Station—Another
Meeting Tonight.

The board of public safety had been called together last night to look over some supplies which a Columbus firm desired to furnish them, but it was late when they assembled and then it was learned that W. L. Taylor was out of the city. Messrs. Dawson, Ogilvie and Grafton were present, and listened to the agent of the supply house for several hours.

Before the meeting began, however, Councilman Johnston appeared on the scene, and had a few words to say with reference to the board's reported intentions toward the Northside fire station. He said it had come to the knowledge of the residents of his section of the city that the board proposed to do nothing with the matter of equipping the station and putting it in shape to serve the people for the present.

Mr. Johnston told the board he was vitally interested in the new station and it had been the understanding when council agreed to increase the bond issue from \$59,000 to nearly \$92,000 that \$2,000 additional should be devoted to the furnishing and putting in operation of the new station. He did not know what the members on the board proposed to do, but he did know the wishes of his people on the Northside, and if the station was not put in shape as soon as the money had been provided his constituents would not be satisfied. He wanted and thought he had a right to ask for a positive declaration from the board one way or the other. If they proposed to use this money for some other purpose, as had been reported, he wanted to know it. If the board did not play fair in the matter the people of the Northside would be placed in a very bad shape. He did not desire to make any threats, but from what he knew of the situation, the bond issue would never go through if the new station was not given its share of the money derived from the issue of bonds.

Mr. Grafton informed Councilman Johnston that the regular meeting of the board would be held tonight, and the fire station question would be discussed at that time. He was invited to be present and the business was proceeded with.

The agent of the Columbus supply company was anxious to sell his books, and went into detail in an explanation of their merits. The members present were favorably impressed with the blank books and methods of keeping records, and realized that the adoption of the system would be of great value to the board. The books and blanks could be bought at a cost of \$75, and it was the general belief that it would be a good investment. Coupled with the supplies, however, was a set of rules to govern the department of public safety. These rules, the agent said, had been compiled by Judge Okey, of Columbus, and copyrighted by his firm. It was the copyright they charged for, and he made no secret of the fact. The rules consisted of that part of the code which applied directly to the board and its duties, and along with this was the instruction of the author as to what the several sections really meant.

As a matter of fact, the board could take the same matter from the code and abide by the decision of the city solicitor, whose duty it would be to interpret the law. The solicitor has made several trips to Columbus in order to post himself as to the opinion of other attorneys, and the members of the board are of the opinion that he had performed this work to the interest of the city. He could be called upon, in case the board should so decide, to interpret the code, and the code itself gave them the right to form their own rules. It had long ago been decided that these rules should be as simple as it was possible to make them, and there was not a member present who did not agree that the man's proposition, as far as the book of rules is concerned, was an expense that could easily be avoided. The price of the book of rules was

\$100 for 200 copies, and it was not thought advisable to close up at once. The agent was very anxious to wind up the transaction last night, but the board wisely decided to let the matter rest until the regular meeting to night.

MRS. TONY ROSS LEAVES THE CITY

THE PRETTY ABUSED WIFE DE-
PARTS WITH ANOTHER.

Worst Feature of the Case Is That
Two Children Are Left
Behind.

Tony Ross, the East End Italian shoemaker, who was fined \$5 and costs yesterday morning by the mayor upon pleading guilty to thrashing his pretty wife, is doubly sorry today that he adopted his fists for the punishment of his spouse. It was evidently more than she could bear and on the mid-night train last night it is said that she, in company with an Italian who had been boarding at the Ross home, left for Cleveland.

Several stories are current as to the troubles in the Ross family. Some say that Tony whipped his wife because she had been making love to the man with whom she left and others say that Tony is to blame for everything.

A sad feature of the story is the fact that two little children are now without a mother and under the protection of one who faces the mayor quite frequently for drunkenness, proving him by no means capable of properly caring for the little ones.

SUIT IS BROUGHT BY CONTRACTOR

Claims He Was Not Paid for Extra
Work on a Wells-
ville House.

Lisbon, June 3.—(Special.)—The case of Fremont McClain against Martin Maas, of Wellsville, in which the plaintiff asks judgment for \$167, with interest, came on for trial this afternoon. The action grew out of a contract made Oct. 7, 1901, which provided that McClain was to build a house in Wellsville for Maas for \$1,200. McClain alleges that while the building was in course of erection the specifications were so modified as to entail a lot of extra expense, for which he has not been paid.

RESOLUTION IS PASSED BY THE CITY COUNCIL FOR \$92,925 BOND ISSUE

Date Not Fixed and the Matter Not Likely to
Reach the Voters of the City
Until July.

It took council but a short time last evening to dispose of the business for which it had been called in special session. The matter of the bond issue decided upon at a recent meeting, was introduced and every member of the body was present but Bullock when the resolution to provide for the issue of bonds of the city in the sum of \$92,925 for the purpose of extending the time of payment of certain indebtednesses which from its limits of taxation the city is unable to pay at maturity was voted on. On motion the rules were suspended and the resolution was placed on its third and final reading.

After the resolution was passed, other matters of minor importance were taken up and a member made a motion that council adjourn. The motion received a second and the body had adjourned and was on the verge of leaving the chamber, when Bullock, who came in at the close of the voting on the paramount issue, asked why a date had not been designed in the resolution for the holding of the bond election. It was his understanding that that was the objective reason for the adjourned session. The important factor had escaped the attention of the other members and President Horwoll immediately called the body to order. The city auditor was asked why the date had not been placed in the resolution and he explained that he thought it simply an oversight. He was instructed to insert the proper paragraph, but he convinced council that it was not yet time for the action and the body once more adjourned. Auditor Davidson said that in his opinion it is the first step to pass a resolution declaring it necessary to issue bonds and then a resolution containing the form of election. In the latter he argued the time should be designated. Council took the auditor's version and if it be right the bond issue will not be placed before the people until July.

WIFE BROUGHT SUIT FOR NON-SUPPORT

George Crawford Taken to Justice's
Court, Where the Suit Was
Compromised.

There were some lively doings in the court of Squire McCarron last evening, the first time in several months. The failure of George Crawford, employed in a local pottery, to provide for his wife and their minor child, Walter, aged 2 years, was the foundation for the busy aspect of the justice's sanctum.

Mrs. May Crawford appeared at the office yesterday morning and appealed to the squire for justice. She said that she and George Crawford had been married for several years and that to them had been born one child. He had not supported the infant since last January, and as she is about to become a mother once more she thought it high time George was being placed on the carpet. The squire was not long in felling the helpless creature that if her story was true that his office was the place to receive redress and a warrant for the arrest of Crawford was soon in the hands of Constable Powell.

The husband was arrested and arraigned before the squire at an early hour last evening. He acknowledged that he had not supported the child and alleged that his wife had been untrue to him. The justice listened to the stories of both and finally advised them to make an amicable agreement. Crawford effected a settlement by promising to give his wife \$2 per week and paying the costs of the action.

Licensed to Marry.

Lisbon, June 3.—(Special.)—Peter Burns, of Charleston, W. Va., and Effie White, of Achor, have been licensed to marry.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Life Plant Cures Rheumatism.

Because it purifies the Blood. Rheumatism is caused by the presence of an excess of Uric acid in the Blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in time carry off the Uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and renews the vital element in the blood and makes you strong and vigorous. Read what two Grater say:

Life Plant Company, Messrs:
For the benefit of those who have Rheumatism, I take the liberty to inform you of my remarkable cure by the use of Life Plant. Had Rheumatism for six years. Shoulders affected as to prevent my lying on either side. Sciatic Rheumatism in my right leg, gave me many sleepless hours at night. Limp came in the veins of my wrists and neck, very painful to the touch. Physicians and medicines failed to benefit me. At last I was induced to try Life Plant, three bottles cured me. No more lumps, no more soreness, no more pain. I am well and all right. Yours truly, George Grater.

OLD BRICK CHURCH AND ITS MEMORIES

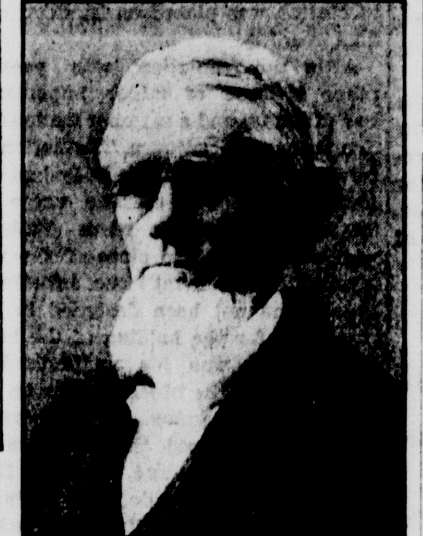

Stirring Events of the Civil War
Period in the Scotch
Settlement.

RECALLED BY REV. SWAN

The Venerable ex-Pastor Made a Memorial Day Address Replete With Interesting History — Excitement Over the Capture of Morgan.

Although four decades have elapsed since many of the scenes were enacted, there are many in the Scotch Settlement who still retain a vivid remembrance of the dark days of the civil war, days that tried the souls of strong men and brought anguish to the hearts of brave women. Among the number is Rev. J. N. Swan, now of Ohio avenue, East End, then a young man just entering upon a ministry that has been fruitful of good for nearly half a century, and who is now what can be called a grand old man, in the afternoon of life, yet still active and of great service to his Master.

Rev. Mr. Swan was pastor of the "Brick" church in the Scotch Settlement during the war. The church edifice is surrounded by many interesting occurrences. It is almost a century old and before many months this anniversary will be observed. Among the 42 graves in the little church yard are those of soldiers of the revolutionary war, the conflict of 1812 and the great civil strife of 1861 to 1865, and none of them are forgotten by the patriotic people of the settlement on Memorial day.

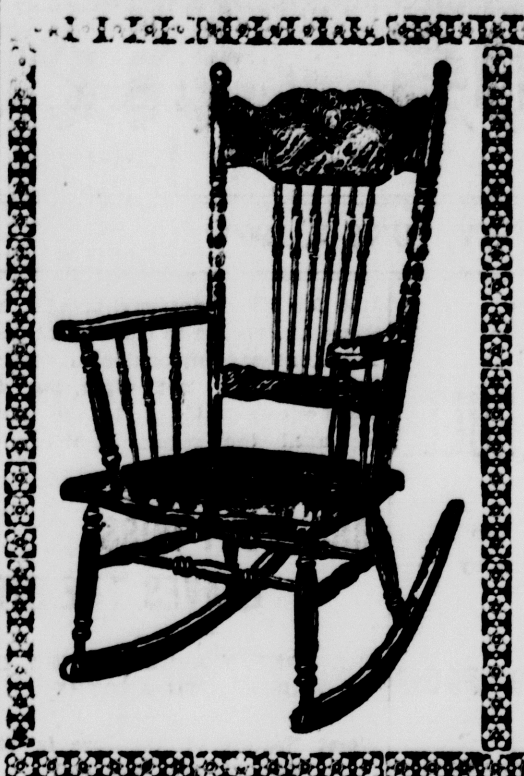

REV. J. N. SWAN.

There are yet living in the neighborhood many of the members of the "Brick" church, who were young men when Rev. Mr. Swan began his pastorate. He preached the funeral orations for their soldier dead and comforted them in the great griefs wrought by the ravages of war. The relation thus established was such as to endure throughout all the years that have come and gone and upon the occasion of observing Memorial day they were of one mind in calling upon him to officiate at the ceremonies.

Rev. Mr. Swan readily accepted the invitation and decided to make the service a retrospective of the people and the events of the neighborhood, rather than to deal with the subject in a general way. His memory had served him well and he could recall the names and personalities of the young men of his flock who shouldered their muskets in defense of the flag; those who fell in battle, those who died in the service, or wasted by disease and privation, succumbed to death after the dove of peace had fluttered over a reunited nation.

The people of the Scotch Settlement are intensely patriotic and they gathered in great numbers at their place of worship on last Memorial day to pay tribute to their honored dead, interested to a greater extent perhaps, because an honored and revered pastor was to tell of their brothers and fathers and the part they played in the crisis of a great nation. The little girls of the church, prettily dressed in white, marched among the graves and deposited at each a cluster of flowers and a diminutive American flag. Then the services within the church were taken up. The pastor, Rev. Mr. Oliver, made the opening address, welcoming the former pastor.

It was with a great deal of emotion that Rev. Mr. Swan commenced his address, recalling as it did so many dear memories and pathetic incidents. His hearers were as visibly affected and many eyes were tear dimmed as he pronounced the names and a eulogy for those who fell in the conflict. Four

from the little community met death in this way. Daniel McLean fell at the battle of Perryville, John F. McIntosh at Champion Hill, Morrison Towers at Atlanta and Alex Mills at Lookout Mountain in the battle above the clouds.

Rev. Mr. Swan then read the names of the following who died in the service: Philip McKenzie, Alex Hollar, Frank Ford, George Bailie, John McCoy, Alex Noble, James McDonald, Duncan Dallas, George Gamble, Laughlin McIntosh, Allen Cameron, John F. McKenzie, John M. Davidson, Daniel McBane and Daniel Fraser. These names will never be forgotten in the community.

The names of the soldiers who have died since the close of the war were then read as follows: William Towers, John McBane, T. B. Kerr, Andrew McPherson, Andrew R. McPherson, Hugh McQueen, J. C. McLean, Alex McPherson, Angus McBane, William M. Smith, John Falconer, A. C. Falconer, Angus Falconer, Donald Noble, James Davidson, William F. McIntosh, William Fraser, D. T. McIntosh, Samuel Tillon, John Fraser, A. C. McIntosh and Joseph McIntosh, all names revered and cherished in the community.

Those who enlisted in the service and have been spared to this day are: John A. Noble, Evan McIntosh, T. B. Stevenson, John Rose, Alex Johnston, Alex McIntosh, L. F. McKenzie, A. C. McKenzie, Farquhar McIntosh, Philip Smith, Daniel M. McIntosh, Frank Wickline, William McBane, W. C. Fraser, John A. McIntosh, John Patterson, L. L. Smith, John M. Smith, Alex McPherson, Dr. Even McPherson, Even McPherson, A. S. McIntosh, T. P. McKenzie, W. R. Wilson, A. B. Cameron, J. C. McCraich, W. T. McIntosh, J. N. McLean and A. N. McPherson.

Many of the surviving veterans are members of the "Brick" church and were present at the exercises. They, like the minister, were filled with memories of the dark days through which they were guided by the merciful hand of Providence.

The address of Rev. Mr. Swan was replete with reminiscences full of interest to his hearers, particularly when he spoke of the only time during the war when this section was invaded by hostile troops—the raid of Colonel John Morgan and his men. In speaking of this occurrence Rev. Mr. Swan said:

"It was a Sabbath morning about 10 o'clock and we were assembled for Sunday school, when a courier from Wellsville on a fast horse and at full speed shouted: 'To arms! Morgan is taking horses at Smith's Mill.' Such consternation I had never seen. Women and children cried and started home in terror, while young men seized their horses and started home for their guns. Mr. Falconer, an aged elder in the church, proposed a prayer meeting that God would take captive the invader and so we offered a prayer to that intent. In the afternoon at 3 o'clock four men came post haste to my gate at yonder parsonage with horses foaming and asked for a drink of water. I asked: 'What's the word?' 'Oh, we captured him,' was the reply. 'Here we have one of his carbines.' So, I immediately circulated word for a praise service at 6 o'clock and we did praise God with a loud voice."

George Billingsley, of Wellsburg, aged about 24 years, while engaged in carpenter work on a house at New Alexander, fell 25 feet and received severe internal injuries.

WITH THE WORKMEN IN THE CLAY PLANTS

N. B. OF O. P. DEMANDS.

President Duffy left the city last night for Crooksville to settle a dispute of minor importance that has arisen between the operatives and the firm. He will go to Derry from Crooksville to organize a local of the N. B. of O. P. and will not be home until some time Thursday. Other officials of the Brotherhood refused to discuss the situation today.

The changes sanctioned by the Brotherhood at the Wheeling convention, 19 in number, are given below:

That apprentice rules for the decorating department and the uniform list for decalcomania and filling-in be adopted; a wage of \$3.50 for pressers working by the day; regulating apprentice printers and printing for ware broken after it has left the printer's hands; making the price of packing crates 60 cents; \$1 a day for all warehouse girls and a nine-hour day; a nine-hour day for all employees working by the day; increasing the pressing list 15 per cent, except for slops, cover dishes, casseroles, tureens and pickles; 10 per cent increase for jiggering plain edged, rolled edge, hotels and sponged bowls; fixing the number of apprentice jiggermen to one for every seven journeymen; providing remuneration for claymakers who report to pug clay when no clay is being made; reducing a day's work for biscuit kilnmen from 212 to 200 cubic feet, the establishment of the pressing list for casting; regulating the price for printing machines at 25 per cent less than the regular printing list, or \$3 per day, with two crews and \$3.50 with three crews and \$4 with four crews, the number of crews to a machine being not less than two nor more than four; an increase of 15 per cent for sticking-up all jugs and half jugs; relieving saggermakers from putting up soaks of clay or paying half the expense for pugging same.

No scheme less than 2 1/2 cents per dozen in two colors; no dinner ware less than 3 cents per dozen.

Apprentice Rule—First six months, 50 cents per day or piece work at 33 1/3 off; second six months, 60 cents per day or piece work at 25 off; third six months, 75 cents per day or piece work at 15 off; fourth six months, \$1 per day or piece work at 10 off; third year, \$1.25 per day or piece work at 5 off; fourth year and thereafter journeymen at \$1.50 per day or piece work; nine hours shall constitute a day's work.

Decalcomania—No scheme less than 4 cents per dozen; no dinner ware less than 5 cents per dozen; no toilet ware less than 10 cents per dozen for a 10-piece set, and 15 cents for a 12-piece set; the apprentice rule and day wage price shall be the same as filling-in; the limit of apprentices in filling-in and decalcomania shall be one apprentice to every five journeymen and two to every 11.

Apprentice Rule for Gilding, Lining and Groundlaying—An apprentice shall work five years at the trade before becoming a journeyman or journeymen, as follows: First three months, 50 cents a day; second three months, 75 cents per day; second six months, \$1 per day or piece work at 33 1/3 off; second year, \$1.25 per day or piece work at 25 off; third year, \$1.25 per day or piece work at 20 off; fourth year, \$2 per day or piece work at 15 off; fifth year, \$2.50 per day or piece work at 10 off; sixth year he or she shall become journeyman or journeymen at the rate of \$3 per day; there shall be one apprentice for every journeyman or journeymen, two to every 11; all apprentices being at work before this scale goes into effect shall work three years.

THE CONFERENCE.
The exclusive publication in yesterday's News Review of the demand

from the National Brotherhood for a conference with the manufacturers was the realization of an event momentarily expected by the people of the city, who are vitally interested in the outcome. The impression that was given out at the close of the potter's convention that demands sanctioned by the convention would not be an occasion for strife among the operatives and the manufacturers is still borne out in spite of the fact that several of the resolutions passed are made known for the first time. Several branches of the trade favored measures bettering the existing conditions and the convention, recognizing their justness, promptly adopted them.

It is unfortunate that any demands were necessary, owing to the dull period the manufacturers are experiencing, but this is a condition that will last but a short time. Not the least alarm is felt on either side over the deliberation of the conference committee, which will have passed upon the demands before the end of next month. The manufacturers, it is thought, will grant most of the demands without much controversy.

National President Duffy has no doubt decided upon who shall be the members of the conference committee for the organization, although their names have not been given to the public. He can be depended upon to select level-headed, conservative men, fully equipped to deal intelligently with the questions. The manufacturers will have plenty of time to consider the demands before the conference takes place.

TO BE RE-OPENED.

The discovery of valuable clay deposits near the abandoned works of the Mishler Pottery Co., Canton, has interested a number of Pittsburg capitalists, who have decided to re-open the old pottery and build a large addition to the works. Application for papers of incorporation have been made, and the plant will be in operation in a short time. Those interested in the enterprise are W. H. Greenwood, chemist, of McKeesport, Pa., Audley Calhoun, of McKeesport, and Dr. Calhoun, of Canton. The company proposes to manufacture pottery and later the making of tile and fireproofing will be taken up. The management has already made arrangements for the sale of the entire output to Pittsburg jobbers.

ONE OF THE BEST.

By the retirement of Tom Robinson, foreman of the East Liverpool plant, the combine loses one of the best practical men in the western district. In speaking of his retirement this morn-

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale on this preparation, since first introduced in East Liverpool and the remarkable results following its use, have made Will Reed such an enthusiastic believer in the great value of Mi-o-na, that he gives his personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggist Will Reed has seen so many of his customers who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Mi-o-na that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

ing to a News Review reporter several well-posted operatives made the assertion that he ranked among the first three mechanical men in the west, and this is borne out by his excellent record. Mr. Robinson is a stockholder in the East Liverpool Pottery company and for the present will take life easy. His successor, "Doc" Ferguson, is also a stockholder, and has held several responsible positions.

A DULL DAY.

There was very little work yesterday among the local plants, most of the operatives taking a day of rest after the festivities of Monday's picnic, which was one of the most successful ever given by the organization. Several of the plants had to drop a kiln, owing to the two holidays coming together. Business with most of the local plants has been rather slow lately and very little improvement will be noted until after the midsummer loaf.

MANY WILL CAMP.

Camping parties will be numerous when the plants close down for the mid-summer loaf, about the last of the month. Several of the regularly organized clubs have already selected their camping spots and will spend the time in piscatorial sports. Many in-

formal camping parties will be made up at the last minute and the vacation promises to be of great pleasure. Those who do not care for camping will visit relatives in their native cities.

AMONG THE WORKMEN.

The Taylor, Smith & Taylor plant in Chester has been idle since Friday, and it has been given out that the loaf will last for a week. No reason was assigned.

A broken shaft at the East Liverpool caused a loaf of half a day at the plant yesterday afternoon. The damage has been repaired and the men are working today as usual.

Secretary Ed Menge, of the N. B. of O. P., has gone to housekeeping in this city, his family and household goods reaching here Monday. Mr. Menge has secured a nice residence on Chester avenue and is already in love with life on the hill tops of East Liverpool.

Andrew Coleman, treasurer of the N. B. of O. P., was the happiest man in the Southside park Monday when his son won the 100-yard handicap race. Aaron is not a betting man, but he stated that he would have risked all his possessions on the result.

To meet deficiencies in the light fund	600 00
To meet deficiencies in the sanitary fund	6,100 00
To meet deficiencies in the interest fund	1,600 00
To meet deficiencies for payment of No. 3 fire station	4,000 00
To meet deficiencies for the Franklin street fund	207 00
To meet deficiencies for the McKinnon avenue No. 1 fund	45 00
To meet deficiencies for the Pleasant street fund	159 00
To meet deficiencies for Pennsylvania avenue No. 1, East End grading	1,357 00
To meet deficiencies for Park fund	522 00
To meet deficiencies for Bank street fund	700 00
To meet deficiencies for Lisbon street fund	635 00
To meet deficiencies for Avondale street fund	1,600 00
To meet deficiencies for the Water Works fund	18,000 00

Amounting in all to \$92,925 00 are hereby determined and declared to be existing, valid and binding obligations of said city.

Section 2. To provide means to extend the time of payment of said indebtedness which from its limits of taxation the city of East Liverpool, Ohio, is unable to pay at maturity, there shall be issued the bonds of the City of East Liverpool to an aggregate amount of Ninety-two Thousand Nine Hundred Twenty-five dollars (\$92,925 00) which said bonds shall be in the denomination of One Thousand Dollars (\$1,000 00) each (except that bond number one shall be \$925 00) and numbered consecutively from one to ninety-three, all made payable at the office of the City Treasurer in the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent (4 1/2 per cent) per annum, payable semi-annually at the same place, and said bonds shall be dated and shall run for a period of not less than ten or more than thirty years from their date.

Section 3. Said bonds shall express upon their face the purpose for which they were issued and that they were issued in pursuance of this resolution. They shall be prepared, issued and delivered under the direction of the finance committee of council and the City Auditor, and shall be signed by the Mayor of said city and by the City Auditor and sealed with the corporate seal of said city; the interest coupons attached to said bonds shall be executed by the City Auditor with his signature thereto, or he shall have his signature printed or lithographed thereon.

Section 4. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds not so taken shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of said bonds, except the premiums and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose; and the premiums and accrued interest received from such sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Section 5. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed June 2, 1903.

He Forgave the Bishop.

A certain bishop, an ardent advocate of teetotalism, found one of his flock, to whom he had preached for years, leaning in helpless drunkenness against a wall.

"Wilkins!" cried the bishop, inexpressibly shocked. "Oh, Wilkins! You in this state! I am sorry; I am sorry; I am sorry!"

As the bishop was passing by on the other side Wilkins pulled himself together and hiccupped after him:

"Bishop, bishop!"

The bishop hastened back in the hope of hearing a resolution of repentance.

"Bishop, if you are really sorry I forgive you!"

A Bird Much Like a Fish.

The "birds of a feather" that "flock together" do not belong to the penguin family, as they are entirely destitute of feathers, having for a covering a kind of stiff down. Another penguin peculiarity is that it swims not on, but under, water, never keeping more than its head out and when fishing coming to the surface at such brief and rare intervals that an ordinary observer would almost certainly mistake it for a fish.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husbands, Pa. "At times she was unable to move at all while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. Its marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter:

"I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

Remarkable Lakes.

On the Mangishlak peninsula, in the Caspian sea, there are five small lakes. One of them is covered with salt crystals strong enough to allow man and beast to cross the lake on foot. Another is as round as any circle and of a lovely rose color. Its banks of salt crystal form a setting white as the driven snow to the water, which not only shows all the colors from violet to rosy red, but from which rises a perfume of violets. Both the perfume and the color are the result of the presence of seaweeds.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat. Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

Under a special provision of the agreement entered into at the time of the purchase of the Wheeling Natural Gas Company by The Manufacturers Light and Heat Company, when all of the stock of the former company has been transferred to the latter the floating indebtedness of the Wheeling Natural Gas Company is limited to \$200,000 at any one time; and no other bonds can be secured upon its assets until this issue is completely retired.

The Wheeling Natural Gas Company was incorporated under the laws of West Virginia March 26, 1886, and, at the time of its purchase by The Manufacturers Light and Heat Company, was managed by the following well-known gentlemen: Officers: William Flinn, President; A. B. Dally, Jr., Vice President and General Superintendent; W. J. Diehl, Secretary and Treasurer. Directors: William Flinn, A. B. Dally, Jr., George H. Flinn, Edwin Bindley, C. H. Stoltenbach, Vincent Stevens, H. A. Neeb, A. C. Robertson, John S. Wilson. The company began paying dividends in 1894, and, at the time of its absorption, was paying at the rate of 10 per cent per annum.

The Manufacturers Light and Heat Company was incorporated under the laws of Pennsylvania in October, 1900, and its principal offices are in Pittsburgh. Its officers and directors are: Officers: H. B. Beatty, President; O. H. Strong, First Vice President; L. A. Meyran, Second Vice President; E. H. Myers, Treasurer; H. E. Seibert, Secretary. Directors: H. B. Beatty, O. H. Strong, L. A. AMENACED TO CONSUMPTIVES

Positive Danger in EXPERIMENTING with Prof. Hoff's Prescription Unless the Genuine Is Procured.

There are people in this world heartless enough to prey upon the credulity of men sick unto death who are ready to grasp at straws. They put before the public with alluring statements what are alleged to be cures for consumption. Much valuable time is wasted by patients in experimenting with them. So far as the world of science has been able to ascertain, there is but one cure for consumption, and that is by means of the prescription by Professor Hoff.

The unprecedented success of the genuine Hoff Treatment has excited the avarice and greed of certain unscrupulous parties and led to substitution and imitations purposely intended to mislead the purchaser. While the most flattering tribute which can be made to the sterling worth of the Hoff remedy is imitation, it is unfortunate for the unsuspecting public that these substitutions are imitations in name only of the authorized Hoff Cure. It therefore becomes necessary for us to warn all persons NOT TO ACCEPT ANY "HOFF CURE" UNLESS THE BOTTLE IS STAMPED WITH THE REGISTERED TRADE MARK OF PROFESSOR HOFF AS REPRODUCED BELOW.

As showing that it is positively dangerous to take imitations of the Genuine Hoff Cure, these letters are eloquent:—

Bendiner & Schlesinger, New York.

Dear Sirs:—I have sent you for analysis a bottle of medicine claiming to be the Hoff Consumption Cure. Whatever is in the medicine came very nearly killing the lady that was taking it, and as she got and was taking it on my recommendation, I had to take this censure. If you will tell me what the contents and why it should effect her in such a manner, you will confer a favor, for I do not want to be THE CAUSE OF ANY ONE'S LOSING A LIFE. My son is gaining slowly. The Hoff's has done its work for his lungs. Do you think the medicine company (that put up the spurious article) can be sued for fraud? Don't think I am trying to impose on your kindness—it is for the sake of suffering humanity. I write to you as if you were my son's physicians, for if it had not been for what was published in the Examiner my son would have been taken from me. MRS. H. F. CROWELL, 6 Henrietta Square, San Francisco.

NOTE—The bottle forwarded by Mrs. Crowell was thoroughly analyzed in our laboratory. It was put up and sold to an unsuspecting woman as the genuine Hoff Consumption Cure. One of the most important ingredients called for by Professor Hoff's prescription was missing, and a dangerous substitute had been added. The result of this substitution is told in the above letter. This case emphasizes what we have said before—that it is dangerous to buy the prescription unless it bears the triangular trade mark of the American Bureau. Mrs. Crowell had procured the Hoff Cure from us by mail which benefited her son.

Here is another result of getting the wrong medicine:—

Bendiner & Schlesinger, New York.

Enclosed find \$100 for which please send me a bottle of Professor Hoff's Consumption Cure. A druggist in our city claimed that he could compound the prescription, and I allowed him to do so. Before I had taken it a week I became fearfully ill, and thought my end had come. I have derived great benefit from the two bottles I procured from you so please send with as little delay as possible. BRANTLEY P. SEYMOUR, 211 East Thirty-second street, Savannah, Ga.

Look for the trade mark! Insist on getting the RIGHT MEDICINE. Read this letter from a man who used the GENUINE HOFF CURE:

Bendiner & Schlesinger, New York.
Gentlemen:—I write to you to let you know that your remedy is curing me of bronchial asthma of nine years standing. Since taking the Professor Hoff Cure for Consumption I can say I feel like a new man. My appetite is just grand; sleep good and feel refreshed in the morning. Asthma has entirely disappeared; I can now taste and smell and breathe easily. Tightness across the chest and phlegm gone. Feel one hundred per cent better. If you can compare health with wealth, your Hoff's Cure is worth its weight in diamonds. I gave up all hope until I got hold of your medicine, but now I have patience and look forward to a permanent cure. I have new hope, new courage. I feel my strength returning and all my symptoms gone. If this is not a sure sign of returning health I do not know what is. You can publish this and my name if you please, as I am overjoyed. I will answer all inquiries to let you know what my cure is. I enclose a stamp for postage. JAMES MADDEN, Elmwood Place, Ohio.

I Would Be Gone a Good While.
Here is a pathetic letter from a man who looked over the edge into the deep abyss whose depths the eyes of mortals cannot measure. He is still in the grip of the memory of the awful situation in which he found himself, but his heart is filled with thanks.

Messrs. Bendiner & Schlesinger:—Dear Sirs:—Enclosed find \$5.00, for which please send me six bottles of Professor Hoff's Cure for Consumption, as I will continue to take it for a long while. I am pretty well now and have started to work once in a while, and that is something nobody around here thought I would be able to do any more. My lungs are getting real good again, and if I continue to take this remedy for about six months I will be able to do anything I like to do in this town. It is already, as the people know how far down I was, and now I am working again. I am asked daily what is making me about again and I have given out the booklet.

I am very thankful that I found out about the cure, for the cure has been good white. ROBERT A. DIXIE, 416 Main Street, Harrisburg, Pa.

Said He Would Die.

It takes but a short space of time for the good effects of the Hoff medicine to become apparent, as this statement shows. Messrs. Bendiner & Schlesinger:—Gentlemen:—Enclosed find money order for \$1 for a bottle of Prof. Hoff's Cure for Consumption. A study mail medicine as soon as possible. I am a man and the physician informed my relatives that I would die in a few weeks. I am now finishing the second bottle of the Hoff remedy, and able to take my appetite and have gained in flesh. My cough grows lighter, each week and I expectate less. The medicine has worked wonders in a short period of time. EDWIN H. HETSFEL, 35 South Yellow Spring St., Springfield, O.

Passing It On.

Even in places which have become famous as resorts for the cure of consumption the fame of the medicine is rapidly extending, inasmuch as it cures patients in such places after the climate has failed to do so. Messrs. Bendiner & Schlesinger:—Gentlemen:—I enclose New York draft for one dollar for one bottle of Professor Hoff's Cure for Consumption. I wish to try the medicine on the recommendation of a gentleman who claims to have been cured of an absolutely hopeless case (according to the statements of his physician) by the use of the Hoff Remedy. Yours very truly, L. O. MUIR, Tucson, Ariz.

Had a Chance to Know.

Ministers across secure an intimate knowledge of the trials and tragedies of life in their work as their husbands' help-meets, and their opinions as to the merits of things are usually well founded. Messrs. Bendiner & Schlesinger:—Dear Sirs:—I am in a position, I believe, to speak positively of the wonderful merit of Professor Hoff's Cure for Consumption, and I am sure that its curative powers in behalf of a young lady, a member of my husband's church, who was taken up by the doctors, and given only a few days to live.

Were I not very optimistic regarding the merits of the remedy I would not write you. Mrs. REV. M. F. SHILL, Watford, Ont.

Good Cause to Feel Blue.

Women have been almost as interested in this valuable cooperation as men. The work of this one will bear fruit for coming generations. Messrs. Bendiner & Schlesinger:—Dear Sirs:—Please send me at once two bottles of Professor Hoff's Cure for Consumption.

I am not using all this medicine myself. Indeed, I only take the Cure occasionally. I have been "passing it along" to those who need it. It is a wonderful cure.

A week ago Saturday my attention was called to a young man passing the house and had grown so weak that during the day he would fall asleep at his work, exhausted. His friends and himself were "blue." I told him that the medicine had done for me and gave him a part of my bottle. Last Saturday he stopped to have me order a bottle for him. "It's all right," I only cough two or three times a day. I feel stronger; look at my eyes," he said.

He did look better. He and his friends had hope written all over their faces. I have two other patients who have taken a new lease of life.

MRS. RUTHAN, Ottawa, Ill.

LIFE INSURANCE FOR CURED CONSUMPTIVES

Crucial Test of the Famous Hamann Case—New York Life Insurance Company Practically Indorses the Hoff Cure.

Frederick Hamann's life has been insured by the most careful and conservative life insurance companies in the world has just issued the policy.

Less than two years ago, condemned to die with consumption and sent to Vienna by the New York Journal as a test case to be treated by Professor Hoff, this young man is now declared to be a first-class insurance risk.

The New York Life Insurance Company, an organization of the greatest magnitude, which makes a business of examining men with reference to their prospects of long life, has made thorough and searching examination of Frederick Hamann and declared that he is physically sound.

This is a crucial test. Persons with lungs which are even weak are refused day after day by the New York Life Insurance Company and the other great life insurance organizations.

Thousands of men who have never had consumption as a result of the cure of consumption such policies as the one just issued to Hamann because of their PREDISPOSITION TO CONSUMPTION.

The highest form of insurance policy known was issued to Hamann. It is not one about which there can be any outlying. It is what is known as a "twenty-payment" policy.

AND IT IS INCONTESSTABLE. That fact is set forth in large type in the policy itself. The New York Life Insurance Com-

pany has set itself on record as willing to keep Hamann's insurance in effect so long as the premiums are paid. It is voluntarily bound itself not to contest the policy.

No sort of examination from a transcendental standpoint, no statement from physicians and analytical chemists could have the weight with the lay mind that this simple insurance policy has in emphasizing the fact that consumption is curable and that the Professor Hoff treatment is curing it.

IT AMOUNTS TO A PUBLIC INDORSEMENT BY THE NEW YORK LIFE INSURANCE COMPANY THE LARGEST INSURANCE ORGANIZATION ON EARTH OF THE GENUINE EFFICACY OF THE PROFESSOR HOFF CURE FOR CONSUMPTION.

WHILE IT ANNUALLY TURNS DOWN FUNDERS AND THOUSANDS OF APPLICANTS FOR INSURANCE BECAUSE OF EXISTING POLICIES TO THE ONE INDIVIDUAL, SELECTED FROM ALL THE CONSUMPTIVES OF NEW YORK AS THE FIRST CASE TO SEND TO PROFESSOR HOFF.

The insurance of the policy is more than a certificate that he is positively cured. It is the best certificate obtainable that he has the prospect of a long life before him.

IF THERE HAD BEEN THE SLIGHTEST TRACE OF THE CONSUMPTION REMAINING OR IF THE RAY OF LIFE IN SUCH A DEPLETED CONDITION THAT A RETURN OF THE DISEASE WAS TO BE FEARED, THE POLICY WOULD NOT HAVE BEEN ISSUED.

On his return to America Hamann, by his own choice became connected with the American Bureau of the Professor Hoff Cure for Consumption, established at that time. This cure was first a marvel to American physicians and scientists, and then was hailed as the light by which all sufferers of the dread disease might see their way to a certain delivery.

Hamann tries, as a self-imposed task, to answer every letter that is sent to him, having gone through the dreariest experience himself, he makes it the purpose of his life to aid in saving the lives of others.

Hundreds of Similar Cases.

It must not be inferred that Hamann's case is the only one of the kind. There have been hundreds of patients in America cured at their homes by the Professor Hoff Cure for Consumption, through the agency of the American Bureau, established for the dissemination of the medicine upon Hamann's return to this country.

Robert Anton, of Mt. Vernon, Ohio, tried in vain to get life insurance. He tried Prof. Hoff's Cure for Consumption, and a contract was accepted by the great Metropolitan Life Insurance Co. for a full examination by the very physician who treated him without success.

Mr. Anton tells of his case in the following letter:—Bendiner & Schlesinger, New York:—Gentlemen:—Enclosed, \$7.00, for which please send me six bottles of Professor Hoff's Cure for Consumption. Many of my friends here look to me to supply them with the medicine, and I try always to send a bottle or two extra on hand, so that when ever some one who may hear its praises from some one who heartily recommends it can come right to me and get it at once, without waiting to send.

Every person here, without exception who is using the medicine is being benefited by it, and know it and say so. Three who tried it came to me in less than a week and said that they noticed a relief from it and it did them a great deal of good.

The next time I write I hope to be able to send in a bundle of testimonials, and we are only delaying that we may be sure of its benefits. A man here who is taking it has professed and twenty years from death and nothing every summer, but since taking Professor Hoff's remedy he has not suffered this summer, and is able to work, which he

never did a summer before.

Another here has been given up by the doctors and has been using whiskey. He began the remedy and was improving very slowly. Now he is able to walk, and he is able to go out of the house. He was almost dead. He told me last Saturday that it was the greatest medicine he had ever seen.

I WAS EXAMINED FOR INSURANCE AND PASSED ALL RIGHT IN THE METROPOLITAN by the doctor who had given me medicine a year before without any relief, and I told him it was all due to Professor Hoff's remedy, as I am not perfectly free from Catarrh and all throat and lung troubles.

I feel it is my duty to recommend this medicine every time I can, for if I had not it in time I could have saved about \$100 for doctors. ROBT. ANTON, 5 St. Catherine St., Mount Vernon, Ohio.

PERILOUS SEASON IS NOW AT HAND

Consumption Often Exists Without Betraying Its Presence.

The season of treacherous changes, of coughs and colds and catarrh and consumption, is just now sending out its advance storms, its fogs and floods, scattering the germs with the utmost rapidity wherever a human system is in a receptive mood.

DELAY presents the real danger from consumption since Professor Hoff published his priceless discovery and dedicated it to the interests of science. It is the early case that responds immediately to the treatment—that stage of the disease where those sufferers who can afford it hasten far removed from home, flow pitiful and useless are these pilgrimages in search of a cure which forever eludes its pursuers.

First there is a feeling of weariness

and a feeling of languor and a feeling of cold and exterior, which are the forerunners of the first stages of consumption. After this stage Prof. Hoff's Cure gives immediate results.

FOR ASTHMA and CATARRH

Chronic bronchitis, asthma and the various forms of catarrh require but a few weeks' treatment.

It has been demonstrated that with the chronic cough or the chronic cold which does not give way to ordinary treatment there is more than the usual chance that there is serious trouble. It is not necessary even to look for the cough. Frequently a continued running nose is a symptom which should not be unnoticed. A cough must be regarded as only one of the most prominent symptoms but not necessarily present. Loss of appetite may indicate the presence of consumption in its unsuspected form. A feeling of weariness after the slightest exercise is present in a majority of cases of latent consumption. Persistent or even slight rise in temperature without apparent cause is another symptom, often attributed to something else.

But one way exists to cope with latent consumption. That is, if there is the slightest ground to suspect the presence of the disease to begin at once with Hoff's prescription, which cured Hamann, and which works a cure in every case where the diagnosis is doubtful.

SUPERINTENDENT BRINGS DAMAGE SUIT

Steuensville Educator Makes President of Board Defendant in Action for \$20,000.

Steuensville, June 3.—The city now has no school superintendent, and Robert R. Cox, president of the board of education must show his hand, as he is the defendant in a \$20,000 damage suit. Tired of the abuse that has been heaped upon him, Superintendent Arthur Powell will no longer stand the insults nor the insinuations that are cast at board meetings.

Superintendent Arthur Powell filed his petition yesterday for damages in the court of common pleas asking \$20,000 from Cox. It is the first move upon the part of the superintendent, who bases his claim on the motion introduced by Cox at Monday night's

meeting to declare the position of superintendent vacant.

The petition is quite lengthy and it avers that Arthur Powell is now superintendent of the public schools of Steuensville, and that he was elected superintendent of the schools of the city May 4, 1901, for a period of two years, that on December 5, 1902, he was re-elected for a period of one year commencing at the beginning of the school year in September, 1903 and ending at the end of the school year in June 1904.

The plaintiff further says that the defendant spoke false, malicious and untrue statements in order to injure the plaintiff in his good name and standing as an educator, and to bring him into public scandal and disgrace in his profession and to cause it to be suspected and believed that he was wholly unfit and disqualified for occupying the position of a public educator and superintendent.

PASTOR HELPED TO BUILD A CHURCH

Denned Overalls, Built Chimneys and Lathed and Plastered the Building.

Youngstown, June 3.—The new Grace church at Shely street and Forest avenue, is almost completed and will be ready for dedication on June 21. It is one of the finest built churches in the city and has a most interesting history.

The church is built on the site of the old Lett homestead, part of the Daniel Shely estate, where formerly stood one of the finest houses erected in this city. It is the development of a Methodist mission started by Frank G. Shafer several years ago. When the church is completed it will have cost less than \$30,000 or \$40,000. It is built of cut stone and finished up in a most substantial and convenient manner.

The small cost of the church is easily explained when it is learned that the modest minister, Rev. James W. Van Kirk, D. D., in addition to preaching two sermons each Sunday, attended all the week night meetings, presiding at funerals, attending weddings and visiting the sick, has worked for many a weary day in the construction of the church. He built the chimneys, lathed and plastered the walls and ceilings and when a reporter called to see the church he found the pastor dressed in overalls and hickory stick laboring with the other workmen and mechanics in completing the church. Dr. Van Kirk is entitled to great credit for the hard work he has done and also for the splendid work

he turned out. Besides all this, the energetic clergyman found time to raise \$7,900 for the church.

Many Teachers Examined—Over 50 candidates for positions in the East Liverpool schools took the teachers' examination at the high school rooms yesterday.

The Coopers' Scale—Four employing coopers have signed the new scale of the journeymen which calls for an increase of 1 cent in the making of casks in the hand work shops and an increase of 2 cents per cask in the machine work shops. The signers thus far are all hand work shops.

Invited to Centennial—The Sons of Veterans, at their regular meeting last evening, mustered in the new scale of the journeymen which calls for an increase of 1 cent in the making of casks in the hand work shops and an increase of 2 cents per cask in the machine work shops. The signers thus far are all hand work shops.

Garbage Barrel on Fire—The fire department was summoned to the residence of John Shingler, on College street, this morning, where the contents of a garbage barrel were found to be on fire under a high porch at the front of the house. The dense smoke frightened the family and some of the inmates of the house had already begun to remove the furniture. The firemen soon extinguished the flames, the damage being slight. It is supposed the fire was started by rats.

ANNUAL PICNIC OF STREET CAR MEN

Arrangements Promise a Great Outing on the 12th Instant.

The general committee of arrangements for the annual picnic of Division No. 52, of street railway men, met at city hall last night, and the finishing touches were put to the arrangements for the outing, which takes place on the 10th.

Those present were: Charles Kontner, James Mays, J. Morgan, William Watson, Samuel Kerr. A number of sub-committees were appointed and they will be given instructions as to their duties at once. Those who will have charge of the several departments of the work are: Gate committee, J. Morgan, James Mays, George ("Rubber") Haley, ticket office, Samuel Kerr, O. Jackman; dancing pavilion, William Watson and Harvey Allison.

The general committee has issued invitations to every local union in East Liverpool and also to the street railway men from Steubenville, New Castle, Wheeling, Beaver Valley, Pittsburg, Sharon and several other cities. The attendance from out of town promises to be very large and elaborate preparation is being made for the entertainment of the visitors.

One of the matters discussed at the meeting last night was that with reference to the base ball game to be played on the day of the picnic. A number of the members of the committee thought it advisable to send out of town for players, as they had been informed the press club, which will oppose them on picnic day, would be a hard aggregation to down. The members of the committee figured that it would be humiliating for the street railway men to be beaten, since the people would be looking to them for their amusement and entertainment. Should they be defeated, which seems almost a certainty, it may spoil the enjoyment of the day for many.

THE BURIAL LOTS ARE FOR THE G. A. R.

General Lyon Post Does Not Propose to Grant Them to Spanish War Veterans.

Members of General Lyon post No. 41, G. A. R., having been approached lately with a request that they allow veterans of the Spanish-American war burial ground in the lots given them years ago by the Riverview Cemetery association, and not being in favor of granting such requests held a meeting last evening and adopted the following resolution:

"Resolved, That the grounds assigned by Riverview Cemetery association to General Lyon post No. 41, G. A. R., for burial purposes shall be held sacred as a last resting place of honorably discharged ex-soldiers and sailors of the war for the preservation of the union from 1861 to 1865, who may not have a lot on which to be buried."

Discouraging.

"My dear sir," wrote the editor to the persistent young author, "in order to simplify matters somewhat we are inclosing a bunch of our 'declined with thanks' notices. If you will put one of these in an envelope with your manuscript and mail it to yourself, it will make it easier for all of us, and you will be saving something in postage as well."—Chicago Post.

ROUTINE MATTERS BEFORE COUNCIL

Property Owner Wants a Change in Curb Line—Vehicle Ordinance Authorized.

Clerk Gipner, of the board of public service, submitted a communication to council at its meeting last evening requesting the body to grant Benjamin Scharr the privilege of moving back the curb in front of his property on Third street, which is opposite the Thompson house, two feet. Mr. Scharr contends that, owing to the placing of a double track in the street, there is not sufficient room in front of his property for vehicle traffic. The request was carefully considered and finally disposed of by authorizing the street committee, the board of public service and the city engineer to take whatever action they think best.

In arguing the question one member stated that he thought it would be more prudent to remove the curb entirely and place in its place a curved gutter. He thought that would prevent any damage suits and that the street would not be obnoxious to travel.

Mr. Scharr will be granted the privilege only after signing a waiver of claims for damage from storm water and bearing all expense of making the change.

Mr. Johnston spoke at length concerning some changes he thought it necessary to make in the ordinance covering the acceptance of maps and plats and it was decided to instruct the solicitor and engineer to draw up an other ordinance containing the provisions as recommended by Mr. Johnston.

Mr. Cannon thought an ordinance providing for vehicles should be compiled and placed into effect. He said that there is not a city in the state that does not have an ordinance of the kind and could not see why East Liverpool should not have one. A committee was finally appointed to draw one. The members of the committee are Bullock, Moon and Croxall. They were instructed to make the ordinance strong enough to withstand all tests. It will be remembered that council passed a vehicle ordinance a year or so ago and it was thrown out owing to its unconstitutionality.

The Embroidery Circle, composed of a number of the industrious needle workers of St. Stephen's Episcopal church, held a social and business meeting in the parish house of the church last evening.

Crafty M. Blanc.

Blanc, the founder of the Monte Carlo gambling resort, was well aware of the desperate character of many of his customers. Knowing that they included the scum and riffraff of the world, he took precautions against them. He never carried any money, which fact he announced so frequently and publicly that it was known everywhere along the Riviera that the millionaire Blanc never had a penny on his person. But he carried in a pocketbook a draft on red paper for several hundred thousand francs, payable to the order. He feared kidnapping as much as robbery, and in case of abduction he intended to ransom himself with this draft. But the instructions at his office were not to cash a red draft with his signature unless a telegram was received from him ordering it to be done.

Won Out.

"His marriage was a failure, wasn't it?" "Great smoke, no! It saved him from bankruptcy."—Judge.

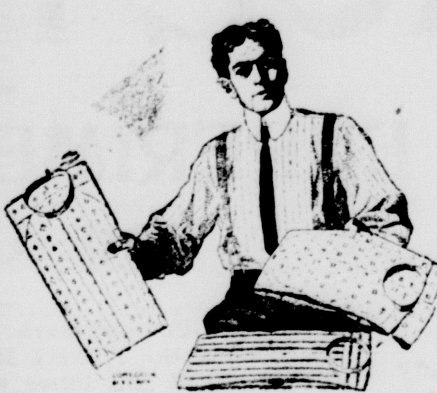

The way to avoid the imputation of impudence is not to be ashamed of what we do, but never to do what we ought to be ashamed of.—Dryden.

A Terrible Weapon.

The weapon common to every part of Hindustan, so as to deserve the name of the national arm, is the "kat." This is a broad, two edged dagger, the hilt of which is formed something like an H, the hand grasping the crossbar, which is generally double, while the side bars extend on each side of the wrist.

Some katars are made with five blades, which unite into one, but by squeezing together the crossbars diverge like the fingers of a hand when the thrust has been given. Other katars are made in sets of two or even three, of diminishing sizes, the blades of the larger being hollow and forming sheaths for the smaller. Some of the southern Indian katars, known as "death givers," are immense weapons, nearly two feet long in the blade, and the hilts are a mass of fantastic scroll-work and mythological monsters, the cobra with expanded hood figuring largely. There is also the "bich'hwa," or scorpion's sting, a doubly curved dagger; the "khanjar," a larger form of the same, and the "peshkabs," or hunting knife. But none of these elaborate weapons has about it the terribly "businesslike" look of the Khyber knife (ch'hurra), with its ponderous single edged, tapering blade and plain ivory hilt.—Chambers' Journal.

Getting Into a Life Buoy.

The average person in danger of drowning usually attempts to lift a life buoy over his head, with the result that he is immediately plunged deeper into the water. A good swimmer can do this with a sudden upward jerk, but with the nonswimmer it is almost an impossible feat.

What he should do when he has seized the buoy is to place both hands, palms downward, on the buoy on the part nearest the body, pressing it downward and slightly away, when the farther part of the buoy will rise out of the water and actually fall over the head. The arms can then be put through easily, "and there you are."

Don't allow the idea that Hagee's Cordial of Cod Liver Oil is greasy, nauseating, sickening, like ordinary cod liver oils, prevent a trial of this remarkable spring remedy. Hagee's contains all the active medicinal properties of cod liver oil without the grease—the fishy taste.
